While the owner ' s manual does indeed specify 10w-30 as the recomended oil viscosity, the NC700X official Honda service manual states that either 10w-30 or 10w-40 are acceptable viscosities for most temperature ranges. I see no reason the 750 would differ from the 700. 10w-40 is OK.

The first, and only, inside story of one of the greatest bands in rock history—Dire Straits—as told by founder member and bassist John Illsley One of the most successful music acts of all time, Dire Straits filled stadiums around the world. Their album sold hundreds of millions of copies and their music—classics like " Sultans of Swing, " " Romeo and Juliet, " " Money for Nothing, " and " Brothers in Arms " —is still played on every continent today. There was, quite simply, no bigger band on the planet throughout the eighties. In this powerful and entertaining memoir, founding member John Illsley gives the inside track on the most successful rock band of their time. From playing gigs in the spit-and-sawdust pubs of south London, to hanging out with Bob Dylan in LA, Illsley tells the story of the band with searching honesty, soulful reflection, and wry humor. Starting with his own unlikely beginnings in Middle England, he recounts the band ' s rise from humble origins to the best-known venues in the world, the working man ' s clubs to Madison Square Garden, sharing gigs with wild punk bands to rocking the Live Aid stage at Wembley. And woven throughout is an intimate portrait and tribute to his great friend Mark Knopfler, the band's lead singer, songwriter, and remarkable guitarist. Tracing an idea that created a phenomenal musical legacy, an extraordinary journey of joy and pain, companionship and surprises, this is John Illsley ' s life in Dire Straits.

The old masters of dealt only with the static features of the positional rules of chess. But these are insufficient to explain the basics of chess. The problem is that chess, like in other sciences, has undergone a dynamic revolution, but chess literature doesn't yet reflect it. In this major work Aagaard accessibly explains the rules of attack (the exploitation of a dynamic advantage), balanced between understandable examples, and deep analysis. Five years in the making, this book deals with weak kings, sacrifices, various minor attacking themes, intuitive sacrifices, opposite castling, modern king hunts, and enduring initiative.

Obsessive self-promotion, an aggressive triggering response, and retaliatory rants. " Both sensitive and incisive, beautifully capturing the paradoxical dynamic of narcissism—that the grandiosity and surrounding bravado belies an underlying fragility and brittleness. " —Kenneth N. Levy, PhD, Associate Professor, Penn State University; Senior Fellow, Personality Disorders Institute, Cornell University Even before Donald Trump entered America ' s highest office, an international survey revealed that narcissism is part of the assumed " national character " of Americans. While only a small number actually meet the criteria for Narcissistic Personality Disorder, those exploitive few have a way of gaining center stage in our culture. Fragile Bully: Understanding Our Destructive Affair With Narcissism in the Age of Trump looks beyond the sound bites of self-aggrandizing celebrities and selfish tweets to the real problem of narcissism. We see past the solo act to the vicious circles that arise in relationships with a fragile bully, and how patterns like this generate both power and self-destruction. We also look at the problem of Echo, how so many of us get hooked by the narcissist, and how variations on the destructive affair leave both partners dehumanized and diminished. Once we recognize the steps in each dance, we can break the cycle and allow and the possibility of true engagement.
