Associated Motor Cycles (AMC) produced some of the most iconic British bikes of the 1940s and 1950s. Badged as either AJS or Matchless, the range covered everything from plodding ride-to-work four-stroke singles, weekend racers, two-stroke motocrossers and full-blown Grand Prix contenders. Illustrated with over 200 photographs, this comprehensive account looks at the history and development of the single and twin-cylinder ranges; the racing bikes; technical details of all major models, and owning and riding AJS and Matchless bikes today. An invaluable resource for the AMC enthusiast and motorcycle historians, superbly illustrated with over 200 colour and black & white photographs.

"With wit and sharp insight, the authors of THE TRADE OFF provide a behind-the-scenes peek at the Machiavellian world of a luxury Manhattan store, its executives, designers, clerks—and demanding socialite customers. Told in the knowing voice of the store's ambitious shopping salon director, THE TRADE OFF is a fast-paced, entertaining read." —Dr. Joyce Brown, President of Fashion Institute of Technology Go behind the window displays. Behind the racks. Two personal shoppers for Manhattan's biggest department stores have written a wildly dishy novel that goes behind the dressing rooms of New York's fashion elite. At Frankel's New York, the wives of billionaires and Hollywood celebrities sip champagne while stylists and tailors cater to every whim. And one person has made it her career to help these Amex-wielding shoppers create the perfect look. Bonnie Salerno Madden knows all of her client's preferences, whims, and fantasies. She knows the price they paid to gain access to the salon where having Bonnie as their private shopper is a first-class ticket to being the toast of the New York high-fashion social scene. But while Bonnie is all elegance on the outside, she's barely keeping it together on the inside. A single mom to a special needs child, she needs her high-pressure job to care for her family. And when that job is put in jeopardy, Bonnie will need to make some of the riskiest choices of her life to guarantee a better future for her son, and for herself. With the opportunity to live in her own fairy tale, will Bonnie have what it takes to make the trade off? "THE TRADE OFF is a riveting page-turner even for a non-shopper like me. The ultimate tale of New York life."—David Patrick Columbia, newyorksocialdiary.com

The S2000 was full of the advanced thinking that had typified Honda's early years. With a top speed of 150mph, it was comparable to the Porsche Boxster and the BMW Z3. Handling was racecar-like in its precision - the S2000 was everything that buyers would have expected a new generation Honda sports roadster to be.
