Serves as an index to Eric reports [microform].

Every 3rd issue is a quarterly cumulation.

The Booker Prize-winning author of Oscar and Lucinda returns to the nineteenth century in an utterly captivating mystery. The year is 1837 and a stranger is prowling London. He is Jack Maggs, an illegal returnee from the prison island of Australia. He has the demeanor of a savage and the skills of a hardened criminal, and he is risking his life on seeking vengeance and reconciliation. Installing himself within the household of the genteel grocer Percy Buckle, Maggs soon attracts the attention of a cross section of London society. Saucy Mercy Larkin wants him for a mate. The writer Tobias Oates wants to possess his soul through hypnosis. But Maggs is obsessed with a plan of his own. And as all the various schemes converge, Maggs rises into the center, a dark looming figure, at once frightening, mysterious, and compelling. Not since Caleb Carr's The Alienist have the shadowy city streets of the nineteenth century lit up with such mystery and romance.

An index to library and information science literature.
