Classic Honda Motorcycles presents an overview of Honda motorcycles produced from 1958 through 1990, including iconic models such as the CB77 Super Hawk, CB92 Benly, Dream, CB750 and many others. Enthusiasts will find a bounty of useful and interesting information about which bikes are likely to suit an individual rider's needs, which models are most collectible and how to find parts for rare Honda motorcycles.

Each Clymer manual provides specific and detailed instructions for performing everything from basic maintenance and troubleshooting, to a complete overhaul of your vehicle. If you're a do-it-yourselfer, then you will find this service and repair manual fantastically more comprehensive than the factory manual. When it comes to repairs and modifications, Kawasaki KLR650 is an indispensable part of the tool box. Get ahold of your copy today, and keep your bike running tomorrow.

The war that broke out in the former Yugoslavia at the end of the twentieth century unleashed unspeakable acts of violence committed against defenseless civilians, including a grizzly mass murder at an Ovčara pig farm in 1991. An international tribunal was set up to try the perpetrators of crimes such as this, and one of the accused was Slavko Dokmanović, who at the time was the mayor of a local town, Vladimír Džuro, a criminal detective from Prague, was one of the investigators charged with discovering what happened on that horrific night at Ovčara. The story Džuro presents here, drawn from his daily notes, is devastating. It was a time of brutal torture, random killings, and the disappearance of innocent people. Džuro provides a gripping account of how he and a handful of other investigators picked up the barest of leads that eventually led them to the gravesite where they exhumed the bodies. They were able to track down Dokmanović, only to find that taking him into custody was a different story altogether. The politics that led to the war hindered justice once it ended. Without any thoughts of risk to their own personal safety, Džuro and his colleagues were determined to bring Dokmanović to justice. In addition to the story of the pursuit and arrest of Dokmanović, The Investigator provides a realistic picture of the war crime investigations that led to the successful prosecution of a number of war criminals. Visit warcrimeinvestigator.com for more information or watch a book trailer.

PW50 (1981-1983; 1985-1987; 1990-2002), PW80 (1983; 1985; 1991-2002), BW80 (1986-1988; 1990)

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The BMW R1200 Twin motorcycles are very popular bikes built with precision engineering to ensure a long life on the road. With the help of the Clymer BMW R1200 Twins, 2004-2009 Repair Manual in your toolbox, you will be able to maintain, service and repair your BMW R1200 to extend the life of your bike for years to come. The specific BMW R1200 models covered by this manual are: BMW R1200GS - 2004 thru 2009 BMW R1200GS ADVENTURE - 2006 thru 2009 BMW R1200R - 2007 thru 2009 BMW R1200RT - 2005 thru 2009 BMW R1200S - 2006 thru 2008 BMW R1200ST - 2005 thru 2007 Clymer manuals are very well known for their thorough and comprehensive nature. This manual is loaded with step-by-step procedures along with detailed photography, exploded views, charts and diagrams to enhance the steps associated with a service or repair task. This Clymer manual is organized by subsystem, with procedures grouped together for specific topics, such as front suspension, brake system, engine and transmission. It includes color wiring diagrams. The language used in this Clymer repair manual is targeted toward the novice mechanic, but is also very valuable for the experienced mechanic. The service manual by Clymer is an authoritative piece of DIY literature and should provide you the confidence you need to get the job done and save money too.

In Change by Design, Tim Brown, CEO of IDEO, the celebrated innovation and design firm, shows how the techniques and strategies of design belong at every level of business. Change by Design is not a book by designers for designers; this is a book for creative leaders who seek to infuse design thinking into every level of an organization, product, or service to drive new alternatives for business and society.
