Ludovic Kennedy, famous TV presenter and best-selling author, has had a lifelong obsession with miscarriages of justice, and has often played a significant role in their re-examination. His new book looks again at a number of these and reaches some controversial conclusions. The 36 murders are those for which convicted men were either executed or served long terms of imprisonment for crimes which they were later found not to have committed. Two of the convicted men are Timothy Evans and Derek Bentley - both wrongly executed by the state. Twenty-one of the murders represent those killed in the Birmingham Six pub bombings. The 2 Immoral Earnings refers to the case of Stephen Ward of Profumo fame. In a final section Ludovic Kennedy asks what lessons are to be learned and concludes: "As the theme of all my cases is police corruption and judicial complacency, I will be asked what the remedies are. The cause, I will say, of all miscarriages with which I have dealt is our antiquated [adversarial] system of criminal justice, which is an invitation to the police to commit perjury, which they frequently do (here and in the US which follows the same system). I think the inquisitorial system of some European countries is infinitely preferable."

The Illustrated Encyclopedia of Scotland is a comprehensive, illustrated reference guide to Scotland. It presents an overview of the country in a wide perspective: its varied landscapes, towns and their buildings, its past and present, and above all its people, their occupations and pastimes. This encyclopedia also provides an illustrated portrait of Scotland now and in the past, covering history, the arts, industry, science, commerce, medicine, sport, politics, religion, architecture and popular culture. The aim of this encyclopedia is to give a wide range of information in an accessible form. Many topics are given extended entries, such as the main cities, the clans, the Enlightenment, language, the law, parliament, golf and whisky. Entries are cross-referenced, and each topic has been researched and reviewed by experts in their field. For additional information there is a list of further reading, lists of Scottish festivals and societies, and maps indicating the changes to local government boundaries both in 1975 and in 1996.

Few things should go together better than psychology and law - and few things are getting together less successfully. Edited by four psychologists and a lawyer, and drawing on contributions from Europe, the USA and Australia, Applying Psychology to Criminal Justice argues that psychology should be applied more widely within the criminal justice system. Contributors develop the case for successfully applying psychology to justice by providing a rich range of applicable examples for development now and in the future. Readers are encouraged to challenge the limited ambition and imagination of psychology and law by examining how insights in areas such as offender cognition and decision-making under pressure might inform future investigation and analysis.

Resisting Rape Culture tackles controversial and harrowing rape myths prevalent in rape culture: namely that sex workers do not get raped, and that they are deserving victims of sexual violence. Commonly, sociocultural discourses depict sex workers as morally deficient and promiscuous, having sex with multiple clients in exchange for payment. Consequently, they are often considered deserving of rape, sexual assault and other forms of abuse, or as people who should expect to receive such treatment. In a way, the Hebrew Bible contributes to such stigmatization of and discrimination against sex workers, given first, its authority and second, its negative portrayals of prostitutes as outsiders. This cutting-edge book describes the rape culture in Hong Kong, focusing on how Hong Kong Christians interpret the Bible concerning prostitutes, and in turn how this affects the treatment of sex workers. Arguably, when interpretations malign the prostitutes in the Bible, and do not critique how the Bible portrays these women, we promote the stigmatization of sex workers and, in doing so, normalise and trivialise sexual discrimination, abuse and violence, ultimately promoting rape culture.
