A mind-bending novel from the author of *Life A User's Manual*. A Void is a great linguistic adventure and a metaphysical whodunit, chock-full of plots and subplots, of trails in pursuit of trails, all of displays Georges Perec's virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E.

5.0 out of 5 stars Georges Perec - A Void. Reviewed in the United Kingdom on 12 November 2008. Remarkable! Though it is a more an intellectual exercise than an intelligible work of fiction (though, of course it *is* an intelligible work of fiction, otherwise the exercise would render itself pointless), a Void is delightful and delightfully ...

Amazon.co.uk:Customer reviews: A Void

The late Georges Perec was connected to this sort of school, and at least one intelligent English critic has thought that Perec wrote some of the most boring novels of the twentieth century. This book, however, is manifestly not one of them. Indeed it's a remarkable hoot, at times quite funny, and throughout consistently ingenious and clever. ...

Perec is noted for his constrained writing. His 300-page novel *La disparition* (1969) is a lipogram, written with natural sentence structure and correct grammar, but using only words that do not contain the letter "e". It has been translated into English by Gilbert Adair under the title *A Void* (1994).

Georges Perec - Wikipedia

A Void is an unnerving but insanely compelling work, and one which is rather hard to compare with anything else. It does have some similarities with Perec's later classic *Life A User's Manual*, but it will never be as popular.

A Void (Georges Perec) - book review

Georges Perec Excerpt. From "A Void" (one of Haig's favourite passages) Noon rings out. A wasp, making an ominous sound, a sound akin to a klaxon or a tocsin, flits about. Augustus, who has had a bad night, sits up blinking and purblind.

Georges Perec Excerpt - University of Cambridge

Perec was a French writer and a member of Oulipo from 1969 to his death in 1982. Though I have yet to read his other works (novels, play, poetry, and opera librettos, even), it is easy to see why Perec is considered a "literary experimentalist." A Void is a literary feat: it is, in short, a novel written without a single E in its 300 pages.

As easy as ABC: Georges Perec once wrote a whole novel ...

Georges Perec famously wrote a whole novel without using the letter 'e'. Now, in this playful short novel, brilliantly translated by David Bellos, Perec once again dispenses with the normal rules for literary composition, with similarly pyrotechnic results.

Georges Perec - Penguin Books

The 20 th -century French writer was one of literature's greatest eccentrics, famously writing an entire novel without using the letter 'e' (A Void, translated from the original *La disparition*) as well as a memoir, in which 'e' is the only vowel used.

"...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor, pathos, and loss."--Time magazine A Void is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford Perec occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E. The year is 1968, and as France is torn apart by social and political anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games, especially for "lipograms," compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances . . .

As much a masterpiece of translation as a novel, 'A Void' contains not one single letter e anywhere in the main body of the text. This clever and unusual novel is full of plots and sub-plots, of trails in pursuit of trails and linguistic conjuring tricks

Combining fiction and autobiography in a quite unprecedented way, Georges Perec leads the reader inexorably towards the horror that lies at the origin of the post-World War Two world and at the crux of his own identity.

This selection of non-fictional work from the author of *Life, a User's Manual*, demonstrates Georges Perec's characteristic lightness of touch, wry humour and accessibility.

Reproduction of the original: *Gadsby* by Ernest Vincent Wright

The beguiling, never-before-translated dream diary of Georges Perec In *La Boutique* *Obscure* Perec once again revolutionized literary form, creating the world's first "nocturnal autobiography." From 1968 until 1972—the period when he wrote his most well-known works—the beloved French stylist recorded his dreams. But as you might expect, his approach was far from orthodox. Avoiding the hazy psychoanalysis of most dream journals, he challenged himself to translate his visions and subconscious churning directly into prose. In laying down the nonsensical leaps of the imagination, he finds new ways to express the texture and ambiguity of dreams—those qualities that prove so elusive. Beyond capturing a universal experience for the first time and being a fine document of literary invention, *La Boutique Obscure* contains the seeds of some of Perec's most famous books. It is also an intimate portrait of one of the great innovators of modern literature.

In this ingenious book Perec creates an entire microcosm in a Paris apartment block. Serge Valene wants to make an elaborate painting of the building he has made his home for the last sixty years. As he plans his picture, he contemplates the lives of all the people he has ever known there. Chapter by chapter, the narrative moves around the building revealing a marvellously diverse cast of characters in a series of every more unlikely tales, which range from an avenging murderer to an eccentric English millionaire who has devised the ultimate pastime...

"Here, in one volume, are three "easy pieces" by the master of the verbal firecracker and Gallic wit. The novella "The Exeter Text" contains all those e's that were omitted from *A Void* (Perec hated waste) and no other vowel (honest). In "Which Moped with Chrome-Plated Handlebars at the Back of the Yard?" we are introduced to Sergeant Henri Pollak and his vehicle (the aforementioned moped) that carried him between Vincennes and Montparnasse; in "A Gallery Portrait", the sensation of the 1913 exhibition in Pittsburgh depicts the artists' patron, beer baron Hermann Raffke, sitting in front of his huge art collection, which includes (of course) "A Gallery Portrait" of the baron sitting before "A Gallery Portrait," etc." -- From publisher's website.
