The New York Times–bestselling novel by the critically acclaimed author of Native Speaker, A Gesture Life and My Year Abroad. At 59, Jerry Battle is coasting through life. His favorite pastime is flying his small plane high above Long Island. Aloft, he can escape from the troubles that plague his family, neighbors, and loved ones on the ground. But he can't stay in the air forever. Only months before his 60th birthday, a culmination of family crises finally pull Jerry down from his emotionally distant course. Jerry learns that his family's stability is in jeopardy. His father, Hank, is growing increasingly unhappy in his assisted living facility. His son, Jack, has taken over the family landscaping business but is running it into bankruptcy. His daughter, Theresa, has become pregnant and has been diagnosed with cancer. His longtime girlfriend, Rita, who helped raise his children, has now moved in with another man. And Jerry still has unanswered questions that he must face regarding the circumstances surrounding the death of his late wife. Since the day his wife died, Jerry has turned avoiding conflict into an art form—the perfect expression being his solitary flights from which he can look down on a world that appears serene and unscathed. From his comfortable distance, he can't see the messy details, let alone begin to confront them. But Jerry is learning that in avoiding conflict, he is also avoiding contact with the people he loves most.

This is book 2 of 7 of the Rapid Review for the Rotation Exam series. Developed by the same Rosh Review team who brought you the popular Rosh Review Qbank. The Rapid Review for the General Surgery Rotation Exam details every national content blueprint topic into a "what you need to know" for your General Surgery Rotation Exam. This book provides a high-yield review of the pathophysiology, diagnosis, lab analysis, treatments and more. Includes beautifully designed color teaching images for visual learners. Organized so you can add your own notes. Easy to take with you to class, a cafe, or library. The content in the Rapid Review book series is different from the content in the Rosh Qbank. Nonetheless, the Rapid Review book series serves as a perfect companion to the Rosh Qbank. Learning and education is a dynamic process, one that is never ending. Once we commit to a life in medicine, we commit to a life of learning. The Rosh Rapid Review book series is best suited to serve as an adjunct to your medical education. It is not meant as a primary source, rather it should help you organize your thoughts and provide ancillary knowledge for a more robust education. We are counting on you to not just regurgitate facts, but rather, paraphrasing Dr. Elizabeth Blackburn, to learn how it all works. We are privileged to be in the role of caretaker and thus have a responsibility to our patients to be the most knowledgeable we can be. Use this book on your learning journey. At some point, you will grow out of it. But in the meantime, we hope the hard work by the dedicated Rosh Review team can play just a small role in helping you reach your goals and achieve your dreams.

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Becausestudents who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. Theauthors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging,race/racism and health, mental health, and healers and healing.

"Like Muir himself, Essential Muir packs an astounding range of experience into a lithe frame: ecstatic yet scientific descriptions of Yosemite; the heartrending tale of that "wee, hairy, sleekit beastie," Stickeen; reflections on the society of Eskimos;Muir's touching tribute, after a lifetime of wonder, to the mighty baobob trees of Africa; and more. Fred D. White's selection from Muir's writings, and his illuminating commentary, reveal the coherence and drama of a remarkable life: new readers will understand why Muir has become an American icon, and readers who are familiar with his work will be delighted with this fresh look. Muir's fierce love of all of nature, from squirrels to glaciers (but perhaps not sheep), continues to inspire us nearly a century after his death."--Book jacket.

It is the rainy season. Drunk and delirious, an old man lies dying in the Queensland bush. In his opium-hazed last hours, a priest finds his deserted shack and listens to his last words. Half-awake and half-dreaming the old man tells the story of an adventure set decades in the future, in a very different world...
