Mrs Bartolotti is quite used to receiving surprises in the post as she's very forgetful! But this one beats the lot - Conrad, a perfect, factory-made child who never does anything wrong. And when the men from the factory realise that the child has been delivered to the wrong address, they come to take him back. Conrad doesn't want to go. So Mrs Bartolotti comes up with a plan, and Conrad is unrecognisable . . .

THE DEFINITIVE EDITION ❑ Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic;a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize!winner Nadia Murad ❑The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.❑❑The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the ❑Secret Annex❑ of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Many consider ❑Anna Karenina❑ to be the greatest novel of all time. A profound and exhaustive exploration of Russian life and the human condition. Tolstoy creates one of the most complex heroines in literature as he details Anna falling a conscious victim to her own passion. The dramatic scope of the story, the memorable characters, and the wealth of emotions that Tolstoy displays render ❑Anna Karenina❑ much more than a novel, but rather an unmissable chronicle of the human condition that transcends both space and time. A perfect delve into Russian literature for those who enjoyed Christy Lefteri's ❑The Beekeeper of Aleppo❑. Leo Tolstoy (1828-1910) was a Russian author. His focus was novels, but he also wrote many short stories, alongside essays and plays in his later life. Deemed the master of realistic fiction, his novel ❑Anna Karenina❑ (1875-77) is considered to be the greatest novel of all time. Some of his other notable works include ❑War and Peace' (1865-69), ❑The Kingdom of God is Within You❑ (1894), and his final novel ❑Resurrection❑ (1899). His frank examinations of the world around him are unmissable for fans of Fyodor Dostoyevsky, Anton Chekhov, and Virginia Woolf, who was openly inspired by Tolstoy's ideas about social class.

A compendium of straightforward techniques on how to accentuate the positive and redirect the negative, increasing productivity at work and at home. What do your people at work and your spouse and kids at home have in common with a five-ton killer whale? Probably a whole lot more than you think, according to top business consultant and mega-bestselling author Ken Blanchard and his coauthors from SeaWorld. In this moving and inspirational new book, Blanchard explains that both whales and people perform better when you accentuate the positive. He shows how using the techniques of animal trainers -- specifically those responsible for the killer whales of SeaWorld -- can supercharge your effectiveness at work and at home. When gruff business manager and family man Wes Kingsley visited SeaWorld, he marveled at the ability of the trainers to get these huge killer whales, among the most feared predators in the ocean, to perform amazing acrobatic leaps and dives. Later, talking to the chief trainer, he learned their techniques of building trust, accentuating the positive, and redirecting negative behavior -- all of which make these extraordinary performances possible. Kingsley took a hard look at his own often accusatory management style and recognized how some of his shortcomings as a manager, spouse, and father actually diminish trust and damage relationships. He began to see the difference between "GOTcha" (catching people doing things wrong) and "Whale Done!" (catching people doing things right). In Whale Done!, Ken Blanchard shows how to make accentuating the positive and redirecting the negative the best tools to increase productivity, instead of creating situations that demoralize people. These techniques are remarkably easy to master and can be applied equally well at home, allowing readers to become better parents and more committed spouses in their happier and more successful personal lives.

The product of five years! investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names ❑ not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, ❑Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels.❑

A simple yet powerful method of communication for mediating conflicts and peacefully resolving differences at the political, professional, and personal levels.
