Focusing on the shifting terms in which human difference from animals, things, and machines was expressed, Lynn Festa argues that writers and artists treated humanity as an indefinite class, which needed to be called into being through literature and the arts. Drawing on an array of literary, scientific, artistic, and philosophical devices—the riddle, the fable, the microscope, the novel, and trompe l'oeil and still-life painting—*Fiction Without Humanity* focuses on experiments with the perspectives of nonhuman creatures and inanimate things. Rather than deriving species membership from sympathetic identification or likeness to a fixed template, early Enlightenment writers and artists grounded humanity in the

enactment of capacities (reason, speech, educability) that distinguish humans from other creatures, generating a performative model of humanity capacious enough to accommodate broader claims to human rights. In addressing genres typically excluded from canonical literary histories, *Fiction Without Humanity* offers an alternative account of the rise of the novel, showing how these early experiments with nonhuman perspectives helped generate novelistic techniques for the representation of consciousness. By placing the novel in a genealogy that embraces paintings, riddles, scientific plates, and fables, Festa shows realism to issue less from mimetic exactitude than from the tailoring of the represented world to a

Pablo Neruda is one of the world's most popular poets, and *The Book of Questions* is Copper Canyon's all-time best-seller. This updated bilingual edition is entirely re-designed and features a new cover, new interior, and an introduction by translator. In *The Book of Questions*, Neruda refuses to be corralled by the rational mind. Composed of 316 unanswerable questions, these poems integrate the wonder of a child with the experiences of an adult. By turns Orphic, comic, surreal, and poignant, Neruda's questions lead the reader beyond reason into realms of intuition and pure imagination. Tell me, is the rose naked or is that her only dress? Why do trees conceal the splendor of their roots? Is there anything in the

world sadder than a train standing in the rain? When Neruda died in 1973, *The Book of Questions* was one of eight unpublished poetry manuscripts that lay on his desk. In it, Neruda achieves a deeper vulnerability and vision than in his earlier work-and this unique book is a testament to everything that made Neruda an artist. "Neruda's questions evoke pictures that make sense on a visual level before the reader can grasp them on a literal one. The effect is mildly dazzling [and] O'Daly's translations achieve a tone that is both meditative and spontaneous." -Publishers Weekly
