Description. Were you looking for the book with access to MyLab Operations Management? This product is the book alone and does NOT come with access to the MyLab. Buy Operations Management, 8th edition with MyLab Operations Management access card (ISBN 9781292254036) if you need access to the MyLab as well, and save money on this resource.

Slack & Brandon-Jones, Operations Management, 9th Edition ...

Archives and records management is based upon the records series concept and two primary principles, the "records life cycle" and "records appraisal." The basic unit used in all discussions of records management and all records retention and disposition schedules is the record series. A record series is a group of records or documents

This revised text is a comprehensive introduction to the complex field of records management. Alphabetic filing rules--compatible with the Association of Records Managers and Administrators (ARMA) guidelines-- are included, along with methods of storing and retrieving alphabetic, subject, numeric, and geographic records. Thorough coverage is provided for filing and maintenance of paper, automated, micro image, and electronic imaging records.

This publication provides the patient financial services manager with a comprehensive practical guide to both the operational and analytical aspects of patient accounts management. It is appropriate for graduate and undergraduate programs as well as practitioners. Review questions are included for each chapter and forms are provided on diskette.

Coverage in this text on database and information systems includes: fundamental issues in statistical database management; current problems in scientific databases; new systems; implementation methods; applications of data and process modelling; and requirements and design."

This book's authoritative blend of theory and practice makes it a matchless resource for everyone in the archives and records management field.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
