From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanentand loud fixture in American culture. But fifty years of high-speed fun and pristine lawns have not come without cost. In the first comprehensive history of the small-bore engine and the technology it powers, Paul R. Josephson explores the political, environmental, and public health issues surrounding one of America's most dangerous pastimes. Each chapter tells the story of an ecosystem within the United States and the devices that wreak havoc on it:personal watercraft (PWCs) on inland lakes and rivers; all-terrain vehicles (ATVs) in deserts and forests; lawn mowers and leaf blowers in suburbia. In addition to environmental impacts, Josephson discusses the development and promotion of these technologies, the legal and regulatory efforts made to improve their safety and environmental soundness, and the role of owners' clubs in encouraging responsible operation. Synthesizing information from medical journals, recent environmental research, nongovernmental organizations, and manufacturers, Josephson's compelling history leads to one irrefutable conclusion: these machines cannot be operated without loss of life and loss of habitat.

Award-winning author Matthew J Pallamary and sports coach Paul Mayberry Deliver Life-Transforming Book on The Infinity Zone Phenomenon of Mastering Your Energy to Master Your Life The life-transforming revelations of The Infinity Zone have been discovered in nature, animals, birds, insects, music, physics, martial arts, astronomy, dance, fitness, physical therapy, sports, throughout history and in ancient cultures. Recently found to improve mental abilities, including autism and depression, The Infinity Zone principles are all around us and hidden within us, because they are the secret architecture for all life - the DNA molecule. Once you read this book, you may never look at the world the same again. Based on the proven philosophical studies of Einstein, Steiner and other brilliant minds, and packed with photos, illustrations, diagrams, formulas and e-book active links, The Infinity Zone is an easy, fun, contemporary approach to mastering your mental and physical abilities on all levels. In this book, you'll learn how to use The Infinity Zone to achieve peak performance with your body, mind and spirit. Be calmer, focused, physically more powerful, fit, balanced, confident, happier, increase your awareness and mental abilities - learn to master your life. Mayberry says, "You'll learn how to tap into your hidden energy and power through easy tools and movements that align a grounded center point, create balance, focus, mental clarity, coordination, as they pull energy from the legs, through the core out to the arms, delivering maximum power efficiently." Pallamary concludes, "The Infinity Zone supports Einstein's observation that we are all connected through this architecture of a grand physical and energetic design. If you master your energy, you master your life. The Infinity Zone proves that."
