Avalon (Avalon #1) Mindee Arnett. Chapter 01. STEALING A SPACESHIP SHOULDN'T BE THIS EASY. Jeth Seagrave peered around the corner and counted the number of sentries standing at the terminal into the docking bay. There were two of them, both sporting the tan uniforms of local guards, with matching bored expressions. He slipped back before being spotted. Around him, Kordan Spaceport's ...

For fans of Josh Whedon's cult classic television show Firefly comes a fascinating and fast-paced sci-fi thriller from author Mindee Arnett, which New York Times bestselling author Kiersten White calls "a heart-pounding, tense joyride of a novel." Jeth Seagrave and his crew have made their name stealing metatech: the devices that allow people to travel great distances faster than the speed of light. In a world where the agencies that patrol the outer edges of space are as corrupt as the crime bosses who control them, it's as much of a living as anyone can ask for. For years Jeth's managed to fly under the radar of the government that executed his parents for treason—but when he finds himself in possession of information that both the government and the crime bosses are willing to kill for, he's going to find there's no escaping his past anymore. With pulse-pounding action, a captivating mystery, and even a bit of romance, Avalon is the perfect read for hard-core sci-fi fans and non-sci-fi fans alike.

The Nightmare Affair is the first in a gripping new urban fantasy trilogy by Mindee Arnett. Sixteen-year-old Dusty Everhart breaks into houses late at night, but not because she's a criminal. No, she's a Nightmare. Literally. Being the only Nightmare at Arkwell Academy, a boarding school for magickind, and living in the shadow of her mother's infamy, is hard enough. But when Dusty sneaks into Eli Booker's house, things get a whole lot more complicated. He's hot, which means sitting on his chest and invading his dreams couldn't get much more embarrassing. But it does. Eli is dreaming of a murder. Then Eli's dream comes true. Now Dusty has to follow the clues—both within Eli's dreams and out of them—to stop the killer before more people turn up dead. And before the killer learns what she's up to and marks her as the next target. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Proxy is an action-packed introduction to a world like nothing readers have seen before, and it sets a spark to the powder keg that will explode in Mindee Arnett's sci-fi thriller Avalon. If you need something stolen from any star system in the Confederation, you need look no further than the Shades. Jeth Seagrave and his band of teenage mercenaries have been making a name for themselves for being able to steal anything—and for disappearing before anyone is the wiser. Their latest job, a jewel heist on Grakkus, should be no different. But when Jeth's boss replaces a key member of his crew just before takeoff, and Jeth discovers a betrayal within his own ranks, he begins to suspect that not everyone is going to be coming back from his job alive. Epic Reads Impulse is a digital imprint with new releases each month.

Jeth Seagrave and his crew of mercenaries are pulled into one last high-stakes mission in this breathtaking sequel to Mindee Arnett's Avalon, which SLJ called, in a starred review, “an exciting piece of science fiction that keeps up its energy from beginning to end.” Jeth Seagrave and his crew are on the run. The ITA, still holding Jeth's mother in a remote research lab, is now intent on acquiring the metatech secrets Jeth's sister Cora carries inside her DNA, and Jeth is desperate to find the resources he needs to rescue his mother and start a new life outside the Confederation. But the ITA is just as desperate, and Jeth soon finds himself pursued by a mysterious figure hell-bent on capturing him and his crew—dead or alive. With nowhere to run and only one play left, Jeth enters into a bargain with the last person he ever thought he'd see again: Daxton Price, the galaxy's newest and most fearsome crime lord. Dax promises to help Jeth, but his help will only come at a price—a price that could mean sacrificing everything Jeth has fought for until now.

“At once fresh, at once classic, Onyx and Ivory is a page-turning blend of monsters, magic, and romance.” –Susan Dennard, New York Times bestselling author of Truthwitch Acclaimed author Mindee Arnett thrusts readers into a beautiful, dangerous, and magical world in this stunningly epic and romantic fantasy for fans of Leigh Bardugo and Sarah Raasch. They call her Traitor Kate. It's a title Kate Brighton inherited from her father after he tried to assassinate the high king of Rime. Cast out of the nobility, Kate now works for the royal courier service. Only the most skilled ride for the Relay and only the fastest survive, for when night falls, the drakes—deadly flightless dragons—come out to hunt. Fortunately, Kate has a secret edge: She is a wilder, born with forbidden magic that allows her to influence the minds of animals. And it's this magic that leads her to a caravan massacred by drakes in broad daylight—the only survivor Corwin Tormaine, the son of the king. Her first love, the boy she swore to forget after he condemned her father to death. With their paths once more entangled, Kate and Corwin must put the past behind them to face this new threat and an even darker menace stirring in the kingdom.

A follow-up to The Nightmare Affair finds Dusty sifting through Eli's nightmares to prove a friend's innocence of a mermaid's murder, an effort that is complicated by her lingering feelings for an ex she is required to investigate.

A novel of England during the Viking era, from an author who “has vividly and colorfully portrayed life during the tumultuous Dark Ages” (Historical Novels Review). The last quarter of the tenth century was a time of conflict and exploration—while the Anglo-Saxons fought against the Vikings, Norsemen voyaged into the unknown looking for new lands to pillage, and so discovered America. Prince Rumon of France, descendant of Charlemagne and King Alfred, was a searcher. He had visions of the Islands of the Blessed, perhaps King Arthur's Avalon, “where falls not hail, or rain, or any snow.” Merewyn grew up in savage Cornwall—a lonely girl, sustained by stubborn courage and belief in her descent from great King Arthur. Chance—or fate—in the form of a shipwreck off the Cornish coast brought Rumon and Merewyn together, and from that hour their lives were intertwined.

Bound by his vow to her dying mother, Rumon brings Merewyn safely to England, keeping hidden the shameful secret of her birth. He considers his responsibility ended. At court, he is dazzled by the beautiful Queen Alfrida—but when a murderous truth is revealed, he turns to Merewyn, only to discover that he may have lost her. And he will journey across the Atlantic to find her again . . . From the beloved bestselling author of Katherine and Dragonwyck, this is a romantic tale of history and adventure “characterized by an authentic sense of time” (The New York Times Book Review).

From acclaimed author Mindee Arnett comes the thrilling conclusion of the stunningly epic, action-packed fantasy adventure that’s been called “a page-turning blend of monsters, magic, and romance” by Susan Dennard, the New York Times bestselling author of Truthwitch. They call her the Wilder Queen. It’s a title given to Kate Brighton for her role in the war between the wilder rebellion and the Rimish empire. It’s a title that was hard earned: Kate may have saved her people, but many were lost in the conflict, immortalized in the tattoos of fire that grace her arms. And it’s a title that Kate never wanted. The rebellion may have made a home for themselves in a country that wants to cast them out, but the peace will never be safe while Edwin, the illegitimate king of Rime, sits upon its throne. And for that, the Wilder Queen must keep hers. Now war is brewing once again. Kate and her allies receive word of a threat to their ambassador in the Rimish capital; meanwhile, across the channel in Seva, an army is being assembled to conquer Rime—and a prisoner slave named Clash may hold the key to ending the conflict once and for all. As enemies close in on Kate and Clash from all sides, they must choose where their loyalties lie—with their people, with their loved ones, or with themselves. The epic story that began with Onyx & Ivory comes to a stunning conclusion as acclaimed author Mindee Arnett throws readers into a beautiful, terrifying world poised on a razor’s edge in its struggle for survival.

16-year-old Dusty Everhart breaks into houses late at night, but not because she's a criminal. No, she's a Nightmare. Literally. Dusty is a magical being who feeds on human dreams. Being the only Nightmare at Arkwell Academy, a boarding school for magickind, and living in the shadow of her mother's infamy is hard enough, not to mention the crazy events of the past year. Dusty may have saved the day, but there are many days left in the year, and with an old foe back to seek revenge, she'll need all her strength to defeat him and save her friends. Mindee Arnett thrills again in The Nightmare Charade, the stunning final installment in the Arkwell Academy series. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

After surviving overcrowding, disease, and unemployment, five hundred lottery winners are promised a new start on Pacifica, but Marin Carey, corsario royalty, knows no island paradise exists.
