the galaxy. Two entire universes in pursuit. Tane crosses the galaxy in a race against time to unlock the hidden powers inside himself before his enemies can capture him. With his companions, he moves between this universe and the next, pursued by the governments of aliens and humans alike. To fail means capture and mindless servitude, as those governments would turn him into a tool for their wars. To succeed means his freedom, and perhaps something more. Hunted and attacked at every turn, eventually Tane finds himself backed into a corner, with no hope of escape. But those who pursue him do not understand that Tane has only scratched the surface of the awesome power inside himself. And if his enemies press too hard, poke too deep, they might not like what rears its ugly head back at them. Yes, they do not understand. The Bender of Worlds has only just begun to awaken.

In a galaxy where the fabric of reality can be bent and shaped by a privileged few, and almost any skill desired is a mere injection away, one young man is thrust into the fight of his life. Tane, a hydroponics engineer with some mean crop gene-splicing skills, decides to get chipped. The operation gives him full control over his autonomic nervous and endocrine systems, plus the ability to install custom memories. All seems well until a couple of days later aliens come knocking at his door. And they aren't the friendly type. Soon Tane finds himself on a frenzied flight across the galaxy with a woman who can warp the very fabric of spacetime, her partner--who'd just as soon kill Tane than protect him--and a starship that calls him snarky pet names. He's on the run not simply from the aliens but the whole damn human space navy. He only wished he knew why. Unfortunately for Tane, the answer

The greatest American Indian baseball player of all time, Charles Albert Bender, was, according to a contemporary, the coolest pitcher in the game. Using a trademark delivery, an impressive assortment of pitches that may have included the game's first slider, and an apparently unflappable demeanor, he earned a reputation as baseball's great clutch pitcher during tight Deadball Era pennant races and in front of boisterous World Series crowds. More remarkably yet, Chief Bender's Hall of Fame career unfolded in the face of immeasurable prejudice. This skillfully told and complete account of Bender's life is also a portrait of greatness of character maintained despite incredible pressure of how a celebrated man thrived while carrying an untold weight on his shoulders. With a journalist's eye for detail and a novelist's feel for storytelling, Tom Swift takes readers on Bender's improbable journey from his early

years on the White Earth Reservation, to his development at the Carlisle Indian School, to his big break and eventual rise to the pinnacle of baseball. The story of a paradoxical American sports hero, one who achieved a once-unfathomable celebrity while suffering the harsh injustices of a racially intolerant world, Chief Bender's Burden is an eye-opening and inspiring narrative of a unique American life.

Warrior is not a title people typically use to describe Jesus. But, if the U.S. Army Warrior Ethos defines a Warrior as someone who always places the mission first, never accepts defeat, never quits, and never leaves a fallen comrade, then Texas Army National Guard Chaplain and author H.B. Bender claims that Jesus is The Greatest Warrior. In *Jesus, The Greatest Warrior*; H.B. Bender offers words of inspiration and hope for victory when all seems lost. In this book you will
