While growing up in Versailles, an Indiana farm community, Linda Furiya tried to balance the outside world of Midwestern America with the Japanese traditions of her home life. As the only Asian family in a tiny township, Furiya's life revolved around Japanese food and the extraordinary lengths her parents went to in order to gather the ingredients needed to prepare it. As immigrants, her parents approached the challenges of living in America, and maintaining their Japanese diets, with optimism and gusto. Furiya, meanwhile, was acutely aware of how food set her apart from her peers: She spent her first day of school hiding in the girls' restroom, examining her rice balls and chopsticks, and longing for a Peanut Butter and Jelly sandwich. *Bento Box in the Heartland* is an insightful and reflective coming-of-age tale. Beautifully written, each chapter is accompanied by a family recipe of mouth-watering Japanese comfort food.

A bento box meal (single portions of different foods packed in one reusable container) is a Japanese tradition that lends itself well to today's busy lifestyle. Although bento boxes are available to take out from restaurants and food stands, they are most frequently prepared at home, very often by parents wishing to provide their children with delicious, healthy, fun--and environmentally-responsible--lunch and snack-time alternatives. *Kawaii Bento Boxes* offers dozens of recipes and menus. For each box, the authors include detailed instructions for cooking, seasoning, decorating and assembling the components as well as an icon indicating
