Understand your present with this powerful book on past lives. In this book, regressionist Mira Kelley shares the life-changing lessons she has learned from her clients to help you find support and understanding, and to empower you in your own growth. Mira teaches you how to connect with your Higher Self in any moment to receive guidance. You'll come to understand how everything around you is just a reflection of yourself, why is it important to forgive, why you have the right to love yourself, and how the Universe always supports you lovingly and unconditionally. The stories contained in these pages will help you discover how to heal your body, mind, and spirit as you learn about the nature of time, karma, destiny, and free will—as well as how each choice creates a new reality for you. As you read Beyond Past Lives, you'll see how regression has helped others shift to a reality of health and well-being, and you will be guided to achieve the same for yourself. Prepare for a powerful transformation as you experience the profound lesson of your past lives!

Do you ever think you're someone else once in a while, but can't quite remember who you are? Or maybe you dream about events that seem to be happening to someone else, yet you resonate completely with them—as if they are happening to you? Parallel Lives is based on my past life in Egypt and the parallels to my present life. But this book goes beyond reincarnation; it explores the concept that we're living all our lives at the same time in different dimensions of energy. It also covers the concept of parallel selves—the unity of our physical self with our spiritual self. Told in story form, it invites you on a mystical journey within your soul. <http://morphheusbooks.wordpress.com>

You have the ability to access the collective wisdom of all your past life experiences. By tapping into this immense storehouse of knowledge through self-hypnosis, you will gain direction, mastery over your fears, a greater sense of self-worth—and the power to take charge of your life. Dr. Joe H. Slate and Carl Llewellyn Weschcke put a unique do-it-yourself spin on hypnosis, teaching you step by step how to conduct your own past-life regression using powerful, scientifically tested methods, such as astral projection and spirit interactions. Fascinating true accounts from Dr. Slate and his subjects highlight the effectiveness of these empowering techniques. —Explore your past and future lives —Delve into life between lifetimes —See how many past lives you have lived —Communicate with departed loved ones —Meet your spirit guides —Discover new spiritual dimensions Once you begin to retrieve your past life experiences, you can apply the lessons learned toward present-day healing, spiritual growth, and enlightenment for the continued evolution of your soul.

Providing evidence to the validity of past lives, this self-help guide delves deeply into past life regression and offers a thorough understanding of each step of the process. Through detailed transcripts of actual sessions, ordinary people speak candidly about their experiences with this form of self-discovery. Confirming that she has gone through the same journey to healing, Lorraine Flaherty incorporates stories of her own past lives to illustrate the ways these insights can aid in clearing away mental clutter, help to form better decisions, cause one to become more empowered, and put one's life on the right path. With a compelling and down-to-earth approach, this remarkable discussion illustrates the ways that any reader—from the idly curious to the serious spiritual seeker—can develop a greater understanding of who they are, where they come from, and where they are going.

"Describes how to recognize past-life memories as they arise from the subconscious mind." --Fate magazine.

Learn the latest details and most recent groundbreaking discoveries that reveal, for the first time, the mystery of life in the spirit world after death on Earth!proof that our consciousness survives?n Journey of Souls by Michael Newton, Ph.D. Using a special hypnosis technique to reach the hidden memories of subjects, Dr. Newton discovered some amazing insights into what happens to us between lives. Journey of Souls is the record of 29 people who recalled their experiences between physical deaths. Through their extraordinary stories, you will learn specifics about: How it feels to die What you see and feel right after death The truth about "spiritual guides" What happens to "disturbed" souls Why you are assigned to certain soul groups in the spirit world and what you do there How you choose another body to return to Earth The different levels of souls: beginning, intermediate, and advanced When and where you first learn to recognize soulmates on Earth The purpose of life Journey of Souls is a graphic record or "travel log" by these people of what happens between lives on Earth. They give specific details as they movingly describe their astounding experiences. After reading Journey of Souls, you will gain a better understanding of the immortality of the human soul. You will meet day-to-day challenges with a greater sense of purpose. You will begin to understand the reasons behind events in your own life. Journey of Souls is a life-changing book. Already, over 165,000 people have taken Journey of Souls to heart, giving them hope in trying times. You should read a copy, too.

What Do Scientists Say About Time Travel? It's fair to say that most scientists today will tell you that time travel is impossible. Three of today's top physicists - Charles Liu, Brian Green and Michio Kaku - all hold that time travel is, if not impossible, unlikely in the extreme. However, one of the most brilliant minds of our time, physicist Stephen Hawking, disagrees - although only partially. He believes that time travel is theoretically possible, but only into the future. But What Do Real People Experience? The opinion of science, however, has never stopped thousands of people around the world from reporting what they firmly believe are actual experiences of spontaneous time travel! Still others insist that time travel is not only possible, but they have already done it as part of top secret government programmes. Claims for time travel range from the highly flaky to the astoundingly believable. They are especially difficult to dismiss when time travel reports come from absolutely ordinary, rock-solid people who have nothing to gain by proclaiming they travelled in time. Many people who report time travel experiences don't necessarily believe in themselves. What happened to them was so strange, so unexpected, yet so real, they simply have no other good explanation for their experience. You will meet a number of such individuals in this book, most of their stories straight out of the headline of local newspapers. No doubt, a story or two will strike the reader as pure balderdash. On the other hand, some of these cases of time travel are tantalizing and unexplainable. They also come with a certain amount of solid evidence, such as stopped clocks, frozen machines and electromagnetic devices acting in inexplicable ways. Physicist and NASA scientist Tom Campbell said that scientific advances always 'come from the fringe.' Thus, even if you consider some of these stories stepping dangerously 'out there' onto that fringy edge, remember that many of yesterday's fringe theories are today's scientific fact. At the very least, it doesn't hurt to approach the idea of time travel with an open mind and a sense of wonder.

In this extraordinary book, shamanic dream teacher Robert Moss shows us how to become shamans of our own souls and healers of our own lives. The greatest contribution of the ancient shamans to modern healing is the understanding that in the course of any life we are liable to suffer soul loss — the loss of parts of our vital energy and identity — and that in order to be whole and well, we must find the means of soul recovery. Moss teaches us that our dreams give us maps we can use to travel to the places where we can find and bring home our lost or stolen soul parts. He shows us how to recover our animal spirits and ride the windhorse of spirit to places of healing and adventure in the larger reality. We discover how we can heal ancestral wounds and open the way for cultural soul recovery. You'll learn how to enter past lives, future lives, and the life experiences of parallel selves and how to bring back lessons and gifts. "It's not just about keeping soul in the body," Moss writes. "It's about growing soul, becoming more than we ever were before, embodying more of the Greater Self." With fierce joy, he incites us to take the creator's leap and bring something new into our world.

"We are immortal beings coming to Earth again and again in different bodies to learn and grow as souls. Between the pages of this book are scores of riveting tales from individuals' past lives collected by author Lois Wetzel, MFA. Lois has been doing past life readings from the Akashic Records for over twenty years. Detailed descriptions of civilizations and their artifacts prior to recorded history are plentiful, including several in which the souls originally came to Earth from other star systems. There are cases of lives where lessons were not learned, recounted so the individual can learn those lessons and thereby heal and release painful recurring patterns in their lives. Also included are past lives in which the client learns of their past successes, and of forgotten skills and talents which they could tap into in this lifetime if they so choose. Many readers have reported that just reading about the past lives of Lois' clients have had a healing effect upon them as well." Lois J Wetzel, MFA

Exploring Reincarnation examines the full range of explanations for past-life recall. This definitive study includes case histories from around the world, as well as intriguing theories about the relationship between body and soul - from general social beliefs about past lives to detailed questions about karma and past-life regression therapy. An outstanding introduction to reincarnation from a historical, scientific, and philosophical point of view, Exploring Reincarnation is the now classic panorama on reincarnation ideas and experiences.
