A new, definitive edition of Herman Melville's virtuosic short stories--American classics wrought with scorching fury, grim humor, and profound beauty Though best-known for his epic masterpiece Moby-Dick, Herman Melville also left a body of short stories arguably unmatched in American fiction. In the sorrowful tragedy of Billy Budd, Sailor; the controlled rage of Benito Cereno; and the tantalizing enigma of Bartleby, the Scrivener; Melville reveals himself as a singular storyteller of tremendous range and compelling power. In these stories, Melville cuts to the heart of race, class, capitalism, and globalism in America, deftly navigating political and social issues that resonate as clearly in our time as they did in Melville's. Also including The Piazza Tales in full, this collection demonstrates why Melville stands not only among the greatest writers of the nineteenth century, but also as one of our greatest contemporaries. This Penguin Classics edition features the Reading Text of Billy Budd, Sailor, as edited from a genetic study of the manuscript by Harrison Hayford and Merton M. Sealts, Jr., and the authoritative Northwestern-Newberry text of The Piazza Tales. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines.

Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

If Melville had never written *Moby Dick*, his place in world literature would be assured by his short tales. "Billy Budd, Sailor," his last work, is the masterpiece in which he delivers the final summation in his "quarrel with God." It is a brilliant study of the tragic clash between social authority and individual freedom, human justice and abstract good. Melville also explores this theme in "Bartelby the Scrivener," his famous story about a Wall Street law clerk who takes passive resistance to a comic—and ultimately disastrous—extreme; and in "Benito Cereno," his dazzling account of oppression and rebellion on a nineteenth-century slave ship. Completing this collection of great tales are the eerie "The Encantados," the beautiful, romantic "The Piazza," and Melville's chilling science fiction parable, "The Bell-Tower."

A master of the American short story included in this rich collection are: *The Piazza*, *Bartelby the Scrivener*, *Benito Cereno*, *The Lightning-Rod Man*, *The Encantadas*, *The Bell-Tower*, and *The Town-Ho's Story*.

Melville's symbolic short novel is presented together with "The Piazza Tales" and a chapter from "Moby Dick."

A beautifully designed, classic edition of Melville's original tale...discovered unfinished in the author's desk shortly after his death. Billy Budd, a cheerful, good looking sailor with a natural charisma and innocence that makes him popular with the crew, is aboard a British ship during the Napoleonic wars. His only physical defect is a stutter which grows worse when under intense stress. Budd arouses the antagonism of the ship's bitter master-at-arms,

John Claggart, who falsely accuses Billy of conspiring to mutiny. Billy, dumfounded by the accusation, becomes unable to defend himself because of his stuttering and in frustration strikes the lying Claggart with a blow so powerful that it kills the man instantly. In the ensuing trial Melville explores good and evil, justice and mercy, right and wrong, and natural law versus man's law as the ship's Captain recognizes the innocence of Budd's intent, but the law of mutiny requires him to sentence Billy to be hanged. Billy Budd, Sailor is the last novel written by American writer Herman Melville. Beginning the original work in 1888, it was left unfinished at the time of his death in 1891, remaining unpublished until 1924. Melville scholars engaged in study and scrupulous research of the book for many years that resulted in this final text. This classic edition offers all lovers of literature the best and most authentic version of the American storyteller's final masterpiece, which has been acclaimed as second only to Moby Dick among Melville's Work.

'Truth uncompromisingly told will always have its ragged edges.' So wrote Melville of Billy Budd, Sailor, among the greatest of his works and, in its richness and ambiguity, among the most problematic. As the critic E. L. Grant Watson writes, 'In this short history of the impressment and hanging of a handsome sailor-boy are to be discovered problems as profound as those which puzzle us in the pages of the Gospels.' Outwardly a compelling narrative of events aboard a British man-of-war during the turmoil of the Napoleonic Wars, Billy Budd, Sailor is a nautical recasting of the Fall, a parable of good and evil, a meditation on justice and political governance, and a searching portrait of three extraordinary men. The passion it has aroused in its readers over the years is a measure of how deeply it addresses some of the fundamental questions of experience that every age must reexamine for itself. The selection in this volume represents the best of Melville's shorter fiction, and uses the most authoritative texts. The eight shorter tales included here were

composed during Melville's years as a magazine writer in the mid 1850's and establish him, along with Hawthorne and Poe, as the greatest American story writer of his age. Several of the tales - Bartleby the Scrivener, Benito Cereno, The Encantadas, The Paradise of Bachelors and the Tartarus of Maids - are acknowledged masterpieces of their genres. All show Melville a master of irony, point-of-view, and tone whose fables ripple out in nearly endless circles of meaning. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

In the time before steamships, or then more frequently than now, a stroller along the docks of any considerable sea-port would occasionally have his attention arrested by a group of bronzed mariners, man-of-war's men or merchant-sailors in holiday attire ashore on liberty. In certain instances they would flank, or, like a body-guard quite surround some superior figure of their own class, moving along with them like Aldebaran among the lesser lights of his constellation.

HarperCollins is proud to present its new range of best-loved, essential classics. 'Struck dead by an angel of God! Yet the angel must hang!' It is the end of the eighteenth century, and the navy recruits the eponymous hero - the 'Handsome Sailor' - to its fleet. Accused of mutinous behaviour, Billy Budd is forced to defend himself, but his fearful, silent response soon gives way to a terrible act of violence. The consequences are disastrous, and nothing can prevent the force of judgment and eventual justice upon him. Discovered among Melville's papers after his death and published

posthumously in 1924, 'Billy Budd' is a powerful tale of guilt and innocence, crime and punishment, and the cost of adhering to duty. From the author of 'Moby Dick', Melville's allegorical tales are loaded with symbolism, and showcase his distinctive writing style and themes in shorter form.

Gathers all of Melville's short stories and novellas, including "Billy Budd, Sailor," "Bartleby, the Scrivener," and "Benito Cereno"

Billy Budd, Sailor and Bartleby, the Scrivener are two of the most revered shorter works of fiction in history. Here, they are collected along with 19 other stories in a beautifully redesigned collection that represents the best short work of an American master. As Warner Berthoff writes in his introduction to this volume, "It is hard to think of a major novelist or storyteller who is not also a first-rate entertainer . . . a master, according to choice, of high comedy, of one or another robust species of expressive humour, or of some special variety of the preposterous, the grotesque, the absurd. And Melville, certainly, is no exception. A kind of vigorous supervisory humour is his natural idiom as a writer, and one particular attraction of his shorter work is the fresh further display it offers of this prime element in his literary character."
