Now MBI Publishing Companyâ€™s two top-selling boating titlesâ€” " written by one of the worldâ€™s top authorities on the subject of antique wooden boat restorationâ€” " are available in one volume. In this comprehensive restoration guide for owners and enthusiasts of wooden powerboats of all makes and models built from the early 1920s through the 1960s, author Don Dannenberg covers all major woodworking aspects of restoration: surveying, disassembly, repair, reconstruction, and varnishing. But when it comes to restoring a classic wooden powerboat, getting the frame, planking, and deck right is just one part of the story. Danenberg also walks enthusiasts through the topics of hardware, running gear, electrical wiring, plumbing, instruments, upholstery, trailers, and maintenance. Fully illustrated with step-by-step color photos and written in an entertaining style in which the author stresses sound reconstruction techniques over preservation of original components, this comprehensive volume also includes resource listings, glossaries, and School of Hard Knocks sidebars.

Since 1874, Chris-Craft has built boats of immense beauty that evoke an emotion and passion in all who see them. The varnished mahogany runabouts of yesteryear, and their modern sister-ships of today, all share the same design ethos, gorgeous lines, high quality, and style. Immortalized on the big screen in such movies as On Golden Pond and Mission Impossible, the aura and romance of Chris-Craft shines through in this book featuring more than 200 boats—from never-before-published archival images to gorgeous color photos of collector and new boats—as well as plans and ephemera from Chris-Craft ' s own collection. NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

For more than half a century, Chris-Craft reigned supreme in the world of motorboating. This market dominance was due in no small part to the design and construction techniques employed in the company ' s studios and on its factory floors. Building Chris-Craft examines the company ' s design and production heritage, looking at Chris-Craft ' s considerable accomplishments in the context of key competitors and industrial trends in general. High-quality archival images take readers inside the factories, design studios, and lofts of Chris-Craft factories in Algonac, Holland; Cadillac, Michigan; Salisbury, Maryland; Chattanooga, Tennessee; and Caruthersville, Missouri.
