Christianity and the World of Cultures. Used with permission from Laura James: LauraJamesArt.com. The study of world Christianity begins with the basic premise that Christianity is, and from its very inception has been, a cross cultural and diverse religion with no single dominant expression. Throughout history, all Christians have lived in specific cultural contexts, which they have, to varying degrees, embraced and rejected.

Christianity and the World of Cultures | Center for Global--

As a tradition, Christianity is more than a system of religious belief. It also has generated a culture, a set of ideas and ways of life, practices, and artifacts that have been handed down from generation to generation since Jesus first became the object of faith. Christianity is thus both a living tradition of faith and the culture that the faith leaves behind.

Cultural Christianity. Cultural Christianity means pursuing the God we want instead of the God who is. It is the tendency to be shallow in our understanding of God, wanting Him to be more of a gentle-grandfather type who spoils us and lets us have our own way. It is sensing a need for God, but on our own terms.

From a universal and humanistic vantage, Christianity is traced as a social and cultural force that has molded both humble and great, as well as historical events

Christianity is one of the fastest growing religions in China. Despite its long history in China and its significant indigenization or intertwinement with Chinese society and culture, Christianity continues to generate suspicion among political elites and intense debates among broader communities within China. This unique book applies socio-cultural methods in the study of contemporary Christianity. Through a wide range of empirical analyses of the complex and highly diverse experience of Christianity in contemporary China, it examines the fraught processes by which various forms and practices of Christianity interact with the Chinese social, political and cultural spheres. Contributions by top scholars in the field are structured in the following sections: Enchantment, Nation and History, Civil Society, and Negotiating Boundaries. This book offers a major contribution to the field and provides a timely, wide-ranging assessment of Christianity in Contemporary China.

This 50th-anniversary edition, with a new foreword by the distinguished historian Martin E. Marty, who regards this book as one of the most vital books of our time, as well as an introduction by the author never before included in the book, and a new preface by James Gustafson, the premier Christian ethicist who is considered Niebuhr's contemporary successor, poses the challenge of being true to Christ in a materialistic age to an entirely new generation of Christian readers.

"The reader is taken on a global exploration of the forms and diversities of religions and their social and cultural contexts... It is up to the minute in research and theory, and comfortably grounded in the traditions of the social explanation of things religious and spiritual." - Gary Bouma AM, Monash University "Tells how sociology of religion originated in the work of key nineteenth and twentieth century theorists and then brings the story into the present era of globalization, hybrid spirituality, and the Internet. Students of religion will find this an engaging and informative survey of the field." - Robert Wuthnow, Princeton University "It considers the 'big questions' - What is religion? How is religion changing in a modern world? What is the future of religion? - and addresses them through tangible case studies and observations of contemporary life. Its global perspective reflects the breadth, diversity and vibrancy of this field." - Sylvia Collins-Mayo, Kingston University This is a rich and dynamic introduction to the varieties of religious life and the central issues in the sociology of religion today. It leads the reader through the key ideas and main debates within the field as well as offering in-depth descriptions and analysis of topics such as secularization, fundamentalism, Pentecostal Christianity, Buddhism, Hinduism, Islam, atheism, 'The spiritual marketplace', digital religion and new religions like Wicca. Emphasising religion as a global phenomenon, examining especially the ways in which globalization has had an impact on everyday religious life, Singleton has created an illuminating text suitable for students in a wide range of courses looking at religion as a social and cultural phenomenon.

Almost three-quarters of South Africans in the late-1990s call themselves Christians. From colonial times, when missionaries embroiled themselves in frontier conflicts, until recently, when both defenders and opponents of apartheid draw heavily upon Christian doctrine and ritual, Christian impulses have shaped South Africa. Christianity and Confucianism: Culture, Faith and Politics, sets comparative textual analysis against the backcloth of 2000 years of cultural, political, and religious interaction between China and the West. As the world responds to China's rise and China positions herself for global engagement, this major new study reawakens and revises an ancient conversation. As a generous introduction to biblical Christianity and the Confucian Classics, Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness. East and West are shown to have shaped the mind, heart, culture, philosophy and politics of the other - and far more, perhaps, than either knows or would want to admit. Christopher Hancock has provided a rich and stimulating resource for scholars and students, diplomats and social scientists, devotees of culture and those who pursue wisdom and peace today.

The rapidly growing Chinese Protestant Church faces a significant challenge: it must adapt itself to the unique dimensions of Chinese culture, leaving behind the trail of old missionary theology and molding an authentically Chinese approach to biblical interpretation and Christian life an approach that works within both the traditional and the contemporary dimensions of Chinese society. Rising from an extraordinary 2003 Sino-Nordic conference on Chinese contextual theology which brought Chinese university scholars and church theologians together for the first time Christianity and Chinese Culture addresses ways in which the church in China is responding to that challenge. The essays collected here highlight both the stunning complexities confronting Protestant Christianity in China and its remarkable potential. This is a most timely publication on the current issues and research on Christianity and Chinese culture in the PRC previously unavailable in English. The list of scholars in the collection reads like a Who's Who? in Christian studies in China, including both secular academics and Christian theologians. The final part on theological reconstruction is of particular interest, given its importance for the Protestant churches in the last decade. This book should be on the shelf of any scholar interested in the subject.
