Jones and George are dedicated to the challenge of "Making It Real" for students. As a team, they are uniquely qualified to write about the organizational challenges facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, "unboxed" stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

"M. Organizational Behavior, Fourth Edition, has been significantly revised, guided by useful feedback from reviewers and our active monitoring of evidence-based literature. All chapters have new examples and either new or revised factoids; most chapters have new conceptual content or literature foundation. The most substantial changes have occurred in Chapter 1 (introduction to OB), Chapter 4 (workplace emotions, attitudes, and stress), Chapter 6 (decision making and creativity), Chapter 8 (communication), and Chapter 10 (conflict and negotiation). The authors personally researched, selected, and wrote all of this content, thereby providing superior integration of knowledge and ensuring that the examples are relevant and recent"--

The authors have kept the text concise by focusing on the key concepts students need to master. Opening vignettes & 'in action' boxes show realistic applications of these concepts throughout. Comprehensive end-of-chapter problems provide students with all the practice they need to fully learn each concept.

M: Management by Bateman/Snell is the fastest growing Principles of Management textbook on the market. Bateman/Snell is written from the ground up to be brief, lean, and flexible enough to enable you to cover just the topics you want at the level of depth you want, while still maintaining the integrity of the content. Plus, it does not inherit outdated examples from a hardback derivative. With market-leading teaching support and the most up to date content available, M: Management represents the best value available in the brief Principles of Management market. What sets Bateman/Snell apart? An unrivaled mixture student-focused current content and the best teaching support around.

Combining quality and user-friendliness with rigor and relevance, Frank T. Rothaermel synthesizes theory, empirical research, and practical applications in a breakthrough new text designed to prepare students for the types of challenges they will face as managers in the globalized and turbulent business environment of the 21st century. This new textbook, written with a single, strong voice, weaves together classic and cutting-edge theory with in-chapter cases and strategy highlights, to teach students how companies gain and sustain competitive advantage. OneBook...OneVoice...OneVision

"This book presents a systematic and thorough means for students and potential entrepreneurs to think through their venture and the rich range of concerns around it three core tenets to starting an entrepreneurial venture: 1. Science of practice as the heart of starting and running a successful entrepreneurial venture. 2. Art of turning an entrepreneurial venture into a success. 3. Processes that tie these two areas together into a coherent and organized business"--

"College Physics." Second Edition is the best solution for today's college physics market. With a unique, new, approach to physics that builds a conceptual framework as motivation for the physical principles, consistent problem solving coverage strategies, stunning art, extensive end-of-chapter material, and superior media support, Giambattista, Richardson, and Richardson delivers a product that addresses today's market needs with the best tools available..
