B-Com-2nd-Year-Cost-Accounting-Notes-|Accounting-Education
Accounting is based on the principle of two-sided. In order to carry out business activities, the company needs funds; these funds must be given to the company by someone. The funds owned by the company are called assets. Part of these assets is provided by the owner, total amount of funds contributed by him is called owner’s equity or capital. If the owner is the only one who contributed ...

Using several college textbooks, outlines a college course in this field, providing problems, solutions, and practice examinations

This book provides comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the B.Com, M.Com, BBA, and MBA Examinations of different Indian Universities. The book has been divided into THREE Convenient Sections. Each section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics systematically and concisely. The unique features of this book lie in its simplicity of style and systematic presentation of theory and graded practical illustrations which have made it user-friendly mainly for the students. This book's other main strengths are exhaustive text plentiful illustrative examples and end-of-the-chapter exercises with answers. NEW FEATURES IN THIS EDITION Updated position regarding, IFRSs and steps for their convergence in India. Certain new concepts viz. Target Costing, Kaizen Costing, and Balanced Scorecard have been incorporated in Chapter 3 (Section A) and Appendix 1 of the book. Schedule III regarding the presentation of financial statements as per the Companies Act, 2013 has been incorporated as Appendix 5 to the book.

A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts, cost behaviour and methods, and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student-friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on 'first things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self test by students. This is an ideal book for self study. New to this edition • All chapters thoroughly revised • Latest information on Cost Accounting Standards (CAS) issued by the Institute of Cost Accountants of India (ICAI) • Chapter on 'Miscellaneous Topics' made more contemporary by including some new sub-topics, and thus re-named 'Advanced Cost Management Techniques' • Revision and augmentation of practical problems
