Serious about jamming, understanding, and creating guitar-driven music? Easy. With an approachable and engaging style, *Guitar Theory For Dummies* goes beyond guitar basics, presenting the guidance intermediate to advanced players need to improve their improvisational and compositional skills. Plus, with access to audio tracks and video instruction online you can master the concepts and techniques covered in the book. Key content coverage includes: pentatonic and major scale patterns; the CAGED chord system, chord progressions, and playing by numbers; roots, keys, and applying scales, plus modes and modal scales; intervals and chord extensions; popular song references and theory applications that help you understand how to play popular music and contemporary guitar styles, and create music of your own. This title also features companion audio tracks and video content hosted online at Dummies.com. The expert instruction and easy-to-digest information provides comprehensive guidance on how to apply music theory concepts to fretted instruments. If you already have a handle on the basics and want to know more about the building blocks and theory behind guitar music, *Guitar Theory For Dummies* has you covered.

Major scale, diagrams, note names, intervals, tabs, audio tracks, backing tracks

Are you thinking about going to college for guitar but are concerned about the music theory entrance exam? Are you looking to increase your understanding of intervals, chords, scales and harmony but your music reading skills prevent you from taking the next step? *The Introduction to Basic Harmony for Guitar with TAB* includes both standard notation and TAB for each of the examples and exercises, allowing the guitarist to begin a study of chord and scale construction with a minimum amount of standard notation reading skill.

One of the first things you are going to want to do is get familiar with your guitar, guitar part names, and accessory names. Let's begin with the bridge. This is where your strings will be changed. There are round pegs at the end of every string. These will need to be pulled out and new strings inserted. You will need to learn the string names. Beginning from the top (biggest) string to the bottom string (smallest):
