When shit goes down, your girls show up. Waking up to a shocking and personal health scare, Octavia and her best friends, June and Imani, go on a crusade to find intimacy and joy in a world that could give a fuck less about them or their feelings. This 24-hour blitz explores what it is to be a queer blk woman in 2015 New York, how we survive and save ourselves from ourselves.

"The play examines some of the more unexpected consequences of the Struggle, when two men, brothers in those desperate times, re-connect years later, after their separate lives have taken very different directions." -- Back cover.

Women Screenwriters is a study of more than 300 female writers from 60 nations, from the first film scenarios produced in 1986 to the present day. Divided into six sections by continent, the entries give an overview of the history of women screenwriters in each country, as well as individual biographies of its most influential.
