aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life—and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses . . . Begone!

difficult to actually change thinking habits that have been with you since childhood. People are forever using excuses and defending those excuse patterns as if they were actually true. Such statements as 'It would be very difficult for me to change...', 'If I changed, it would create family dramas...', 'I'm too old/young to change...', and 'I've always been this way...' are all excuses that are used regularly without challenging the truth of these thinking habits. When you eliminate excuses that explain your shortcomings or failures, you'll awaken to your infinite possibilities.

Dr. Wayne W. Dyer, the internationally best-selling author and lecturer, has a new message for his youngest readers. In his latest children's book, Wayne teaches kids about excuses:

what they are, where they come from, and how to eliminate them so boys and girls can reach their full potential. Playfully illustrated once again by Stacy Heller Budnick, *No Excuses!* tells the story of a boy with a seemingly impossible dream who almost lets excuses stand in his way. Luckily, he learns some important lessons that allow him to attain his goals--lessons that just about all children will be able to understand and apply to their lives. *No Excuses!* will be available shortly after the publication of Wayne's book for adults, *Excuses Begone!*

Collects three works that detail how intention allows creation, the search for what life is about, and stopping negative thoughts from preventing success.
