Nice one mate, thanks. Am picking up my new shiney 500 in 3 or so weeks time and have soooo many questions the dealer can't answer other than saying "If I had a manual around here I would lend it to you, but they are all locked away in the parts department". So, once again thank you.

Available again after a long absence! Always big on character and charm, Fiat 's little cars played an important international roll in providing affordable and practical private transport for millions who had previously thought their dream impossible. With particular emphasis on the now classic 600 and Nuova 500 cars, this book tells the full story of these ' baby ' Fiats. Also covered are the wonderful models built on these cars ' tiny chassis by Italy 's leading coachbuilders, and the motorsport success achieved by the Abarth versions of the little cars that everybody loves.
