An insightful history of rock and roll focuses on the twenty-five-year evolution of a new music form, from its tempestuous birth in the 1950s, through its maturation in the 1960s, to its movement towards a cruder form in the 1970s with the advent of punk. 35,000 first printing.

Explores the connection between high literary culture and popular culture and argues for cultural anarchism as a form of creative resistance.

Explores the connection between high literary culture and popular culture and argues for cultural anarchism as a form of creative resistance.

# 1 New York Times Bestseller An ancient relic is unearthed during an archaeological dig. A Minnesota college professor is keeping a secret that could change the world ' s history as we know it. For Virgil Flowers, the link between the two is inescapable—and his investigation, more dangerous and far-reaching than he can possibly imagine.

Brown Eyed Handsome Man: The Life and Hard Times of Chuck Berry draws on dozens of interviews done by the author himself and voluminous public records to paint a complete picture of this complicated figure. This biography uncovers the real Berry and provides us with a stirring, unvarnished portrait of both the man and the artist. Berry has long been one of pop music's most enigmatic personalities. Growing up in a middle-class, black neighborhood in St. Louis, his first major hit song, "Maybellene," was an adaptation of a white country song, wedded to a black-influenced beat. Thereafter came a string of brilliant songs celebrating teenage life in the '50s, including "School Day," "Johnny B. Goode," and "Sweet Little Sixteen." Berry's career rise was meteoric; but his fall came equally quickly, when his relations with an underage girl led to his conviction. It was not his first (nor his last) run in with the law. He scored his biggest hit in the early '70s with the comical (and some would say decidedly lightweight) song "My Ding-a-Ling." The following decades brought hundreds of nights of tours, with little attention from the recording industry. Bruce Pegg offers the definitive, though not always pretty, portrait of one of the greatest stars of rock and roll, a story that will appeal to all fans of American popular music.

Forget the 100-mile eat-local diet; try the 300-square-foot-diet — grow squash on the windowsill, flowers in the planter box, or corn in a parking strip. Apartment Gardening details how to start a garden in the heart of the city. From building a window box to planting seeds in jars on the counter, every space is plantable, and this book reveals that the DIY future is now by providing hands-on, accessible advice. Amy Pennington's friendly voice paired with Kate Bingham-Burt's crafty illustrations make greener living an accessible reality, even if readers have only a few hundred square feet and two windowsills. Save money by planting the same things available at the grocery store, and create an eccentric garden right in the heart of any living space.

In Natural Companions, acclaimed garden writer Ken Druse presents recipes for perfect plant pairings using diverse species that look great together and bloom at the same time. Organized by theme within seasons, topics include color, fragrance, foliage, grasses, edible flowers and much more, all presented in photographs of gardens that show planted combinations from a wide variety of climates and conditions. Natural Companions also features more than one hundred special botanical images of amazing depth and color created in collaboration with artist Ellen Hoverkamp using modern digital technology. Filled with an incredible amount of horticultural guidance, useful plant recommendations, and gardening lore—all written in Druse ' s charming, witty style—this book is a must-have for gardeners and lovers of plants and flowers. Praise for Natural Companions: " Druse and Hoverkamp have made a splendid book that will be useful to careful gardeners and armchair botanists alike. " —American Scientist "Provides seasonal tips on planting flowers that bloom (and look lovely) together. Whether or not you have a patch of dirt, you'll dig the book's stunning, hyper-detailed photography." —Wall Street Journal " An engaging blend of humor (the punning titles are rib-ticklers), garden history, botanical knowledge, and practical advice . . ." —Organic Gardening "Foodies have bread and chocolate. Romantics have Rogers and Astaire. Now, in Natural Companions, garden expert Ken Druse presents the perfect partners of the plant world..." —New York Spaces

Watch as one family makes compost for their garden. In go banana peels, grass clippings and even an old jack-o'-lantern. Out comes compost which then goes into the garden to make the soil rich for new plants.
