Get unrivaled practice mastering all the concepts and skills necessary for success in today ' s fast-paced medical office with the Study Guide for Today ' s Medical Assistant. Filled with assignment sheets, pre- and post-tests, vocabulary practice, short-answer review questions, critical thinking activities, competency practice, and evaluations for each chapter, this comprehensive study guide is the perfect hands-on resource to jump-start your medical assisting expertise. The 4th Edition features enhanced coverage of healthcare law, certification, electronic health records, motivational interviewing, office management, and more, as well as additional procedures to address behavior-based competencies and more EHR practice. Expanded application to SimChart for the Medical Office provides more realistic practice with EHRs. Consistent and meticulous coverage throughout all elements of the text and its learning package provide reliable content and unparalleled accuracy on the responsibilities of the modern medical assistant. Chapter pre-tests and post-tests enable you to easily gauge how much content you have mastered. Critical thinking activities encourage you to develop the judgment needed for real-life medical office situations. Laboratory assignments at the beginning of each chapter offer a guide on each chapter ' s procedures. Practice for Competency checklists for each procedure help you practice each of your clinical skills. Perforated pages offer on-the-go review and enable easy assignment submission. NEW! New content on healthcare trends and laws, certification for Medical Assistants, electronic health records, motivational interviewing, office management, and more ensures that you have the latest information needed to obtain employment and long-term success on the job. NEW! Competency evaluation for new procedures addresses affective (behavior-based) MAERB competencies to provide example-driven teaching and learning tools.

Chapter assignment tables at the beginning of chapters guide you through textbook and study guide assignments, and make it easy to track your progress. Laboratory assignment tables list the procedures in each chapter, including study guide page number references, and indicate the procedures shown on the DVDs. A pretest and posttest in each chapter measure your understanding with 10 true/false questions. Key term assessments include exercises to help in reviewing and mastering new vocabulary. " Evaluation of Learning" questions let you assess your understanding, evaluate progress, and prepare for the certification examination. Critical thinking activities let you apply your knowledge to real-life situations. " Practice for Competency" sections offer extra practice on clinical skills presented in the book. " Evaluation of Competency" checklists evaluate your performance versus stated objectives and updated CAAHEP performance standards. Updated content includes exercises for topics such as electronic medical records, advanced directives, HIPAA, emergency preparedness, ICD-10 coding, documentation, medical office technology, medical asepsis, vital signs, pediatrics, colonoscopy, IV therapy, and CLIA waived tests. New activities provide practice for the "Today's Medical Assistant" textbook s newest and most up-to-date content. New "Emergency Protective Practices for the Medical Office" chapter includes procedures, critical thinking questions, and other activities to help you understand emergency preparedness. New "Wheelchair Transfer Procedure "and" Evaluation of Competency" checklist includes a step-by-step guide to this important procedure. New video evaluation worksheets on the Evolve companion website reinforce the procedures demonstrated on the textbook DVDs. New practicum and externship activities on Evolve provide practice with real-world scenarios. "
