Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's Frankenstein, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

Mary Shelley began writing Frankenstein when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, Frankenstein tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein.Frankenstein, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

Retells, in graphic novel format, Mary Shelley's classic tale of a monster, assembled by a scientist from parts of dead bodies, who develops a mind of his own as he learns to loathe himself and hate his creator.

"Both timely and terrifying." -Gregory Maquire, New York Times-bestselling author of Wicked Pairing free verse with over three hundred pages of black-and-white watercolor illustrations, Mary's Monster is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning Frankenstein in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in Mary's Monster, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author. A 2019 NCSS-CBC Notable Social Studies Trade Book A 2019 Amelia Bloomer Project Book This title has Common Core connections.

To understand the current moment in school accountability, one must understand the larger contradictions in education politics. Accountability Frankenstein provides a broader perspective on the school accountability debate by exploring the contradictions inherent in high-stakes testing. Accountability Frankenstein explains the historical and social origins of test-based accountability: the political roots of accountability, why we trust test scores while we distrust teachers, the assumptions behind formulaic accountability systems, and the weaknesses with the current carrot-and-stick approach to motivating teachers. Accountability Frankenstein answers the questions of educators and parents who want to understand the origins of accountability. This book challenges the beliefs of fierce advocates and opponents of highstakes testing. It provides a rescue plan for accountability after the failures of high-stakes testing, a plan to make accountability smart, democratic, and real.

"The Mortal Immortal" is a short story from 1833 written by Mary Shelley. It tells the story of a man named Winzy, who drinks an elixir which makes him immortal. At first, immortality appears to promise him eternal tranquility. However, it soon becomes apparent that he is cursed to endure eternal psychological torture, as everything he loves dies around him.

A gothic short story about a girl, whose portrait was found in an old, ruined tower. An old lady narrates then the story of Rosina, an orphan, who was thrown out of the house when Sir Peter discovered, that she was in love with his son. When she cannot be found the following day, son Henry sets out on a search and soon hears from fishermen about a invisible girl ...

Thomas Hardy (2nd June 1840 - 11th January 1928) was an English novelist and poet. He was influenced by Romanticism and it has been reflected in his novels and poetry. He was criticised by the victorian society on the issue of the declining status of rural people in Britain. He was basically a poet. Initially he started writing poems. But he gained fame after his novels, such as - Far from the Madding Crowd, The Mayor of Caster bridge, Tess of the d'Urbervilles and Jude the Obscure. Two of his novels, 'Tess of the d'Urbervilles' and 'Far from the Madding Crowd, were listed in top 50 on the BBC survey- The Big Road.The story of 'Tess of the d'Urbervilles' revolves around a 16 year old very simple girl, named Tess Durbeyfield, who is the eldest daughter of John and Joan Durbeyfield. Since the family suffers acute financial crisis, so they approach the d'Urbervilles family who are holding huge land and having lot of money. There Tess meets Alec d'Urberville, who finds himself attracted to Tess. When Tess started working as a caretaker of Alec's blind mother's poultry farm, Alec gets an opportunity to rape her. After that there are many ups and down in Tess' life. She meets Mr. Crick for another job. She also meets one more fellow Angel Clare, who is a travelling farmer's apprentice. They marry each other. But after knowing her story, again there is a turn in Tess' life. How she manages all such situation, how she meets all the financial aspects, lot of things happen with Tess. Even Alec and Angel both start searching for Tess. So, the story has become very interesting, full of climax. How Tess meets Alec or Angel? Whether she gets involved with any of these two again? There are so many presumptions. Readers will surely enjoy the story, full of suspense and never expected ups & downs in the life of all the characters. At last, how Angel helps Tess and her family is the climax. Go ahead and must grab the book.A must read book for self development and how to be a good leader.

On the 200th anniversary of the publication of "Frankenstein," Margaret Saville has finally been given voice. Mrs Saville's husband has been away on business for weeks and has stopped replying to her letters. Her brother, Robert Walton, has returned after three years at sea, having barely survived his exploratory voyage to the northern pole.

This Graphic Novel Series features classic tales retold with attractive color illustrations. Educators using the Dale-Chall vocabulary system adapted each title. Each 70 page, softcover book retains key phrases and quotations from the original classics. Introduce literature to reluctant readers and motivate struggling readers. Students build confidence through reading practice. Motivation makes all the difference. What's more motivation then the expectation of success?
