In reality this would surely be the transport of choice: Honda's new go-anywhere CT125 Hunter Cub. OK, so it might lack the machismo of the 'last of the V8 interceptors' but with the ability to do a claimed 190 miles per gallon – or a mere 172mpg two-up – the 1.165 gallon tank promises a range of as much as 221 miles. That's a huge increase over the C125 Super Cub, which only has a ...

A faithful reproduction of the 1970 Floyd Clymer publication of the official Honda Factory Workshop Manual specific to the n00 50cc Super Cub series of motorcycles. This manual includes all of the data that you would expect from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components. It also includes a comprehensive trouble shooting section plus tables of technical data, tolerances and fits making it an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 136 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the motorcycle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and plenty of photographs that show each step. Whether you're a beginner or a pro, you can save big with Haynes! • Step-by-step procedures • Easy-to-follow photos • Complete troubleshooting section • Valuable short cuts • Color spark plug diagnosis Complete coverage for your Honda C50, C70 and C90 for 1967 thru 2003: • Routine Maintenance • Tune-up procedures • Engine, clutch and transmission repair • Cooling system • Fuel and exhaust • Emissions control • Ignition and electrical systems • Brakes, wheels and tires • Steering, suspension and final drive • Frame and bodywork • Wiring diagrams

A faithful reproduction of the 1970 Floyd Clymer publication of the official Honda Factory Workshop Manual specific to the 1962-1969 n10 50cc Sport Cub series of motorcycles. This manual includes all of the data that you would expect from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components. It also includes a comprehensive troubleshooting section plus tables of technical data, tolerances and fits making it an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 55 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

104 pages, 50 illustrations, size 5.5 x 8.5 inches. A faithful reproduction of the John Thorpe BOOK OF THE HONDA a fully illustrated repair and maintenance manual that covers the 50cc models C100, C102, Monkey Bike, CE105H Trails Bike, C110 & C114. The 125cc models C92, CB92 & Benley. The 250cc models C72 & CB72. The 305cc models C77, CB77. Originally published in 1967 by Floyd Clymer this illustrated manual contains repair and maintenance data for both Kick and Electric Start models including Electrical and Ignition Equipment, Wiring Diagrams, Clutch, Carburetion, Transmission, Forks, Engine, Brakes and more. It also includes information on routine service, maintenance and tune ups plus technical specification charts. While not as exhaustive as a factory manual there is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation. An essential addition to any Honda Motor Cycle Enthusiast's library, this book has been out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market. This is a - must have - reference for this series of Honda motorcycles and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

106 pages, 68 black & white illustrations, size 5.5 x 8.5 inches. Originally published under the title The Book of the Honda 90 by John Thorpe, this book is one of The Motorcyclist's Library series published in the USA by Floyd Clymer by arrangement with the original publishers Pitman Ltd. of London, England. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for all models of Honda 90 Motorcycles through 1966. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete renovation. Applicable to all 90cc variations including the S90, CM90, C200, S65, Trail 90 & C65 models, this publication has been Out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.
