4 Reasons to Use Semicolons. To separate clauses; To create variety; To emphasize relatedness; To separate items in a complex list

How to Use Semicolons | Grammar Girl

A semicolon is most widely used to connect two separate but closely linked clauses in one sentence. When used to combine two or more parts in one sentence, all parts are given equal status. Semicolons, like commas, suggest a pause — longer than the one of a comma, but short of that of a full stop. When can I use a semicolon?

Readable grammar 101: semicolons – Readable

Use a semicolon before such words and terms as namely, however, therefore, that is, i.e., for example, e.g., for instance, etc., when they introduce a complete sentence. It is also preferable to use a comma after these words and terms. Example: Bring any two items; however, sleeping bags and tents are in short supply. Rule 3.

Semicolons | Semicolon Rules | Semicolon Usage and Examples

Using Semicolons Semicolons are used for making lists clearer and for controlling the flow of text from one sentence to the next. Using Semicolons in Lists Semicolons can be used in lists to outrank any commas which appear in list items. That's less complicated than it sounds. This is a normal list: the master, the servant, and the cook

Using Semicolons - Grammar Monster

A semicolon creates more separation between thoughts than a comma does but less than a period does. Here are the two most common uses of the semicolon: 1. To help separate items in a list, when some of those items already contain commas.

Semicolons, colons, and dashes – The Writing Center ...

The Quick Answer It is usual to use commas to separate the items in a list. However, when the list items themselves contain commas, you can "outrank" those commas by using semicolons as the separators for your list items. Look at this list:

Semicolons in Lists - Grammar Monster

You can also use a semicolon when you join two independent clauses together with one of the following conjunctive adverbs (adverbs that join independent clauses): however, moreover, therefore, consequently, otherwise, nevertheless, thus, etc.

Commas vs. Semicolons // Purdue Writing Lab

Semicolons are primarily used instead of a period to separate two closely related independent clauses (word groups which can stand as sentence). A semicolon should be used only when the independent clauses are so closely related, they seem to belong in one sentence.

How to use a semicolon - The Oatmeal

How To Use Semicolons Semicolons are sometimes called the "super comma," but they are distinct enough to be their own punctuation mark and have different and specific functions from commas. Semicolons are most often used to separate two equal independent clauses within one complete sentence.

When to Use A Semicolon: How to Use A Semicolon - Writing ...

A colon introduces an element or series of elements that illustrates or amplifies the information that preceded the colon. While a semicolon normally joins two independent clauses to signal a close connection between them, a colon does the job of directing you to the information following it.

When to Use a Colon: Grammar Rules With Examples | Grammarly

How to use a semicolon (;) The main task of the semicolon is to mark a break that is stronger than a comma but not as final as a full stop. It's used between two main clauses that balance each other and are too closely linked to be made into separate sentences, as in these two examples:

Filled with new, bite-size writing tips, fun quizzes and puzzles, and efficient memory tricks, *The Grammar Devotional* gives you a daily dose of knowledge to improve your writing and also serves as a lasting reference you'll use for years to come.

"Delightful." —Mary Norris, *The New Yorker* A page-turning, existential romp through the life and times of the world's most polarizing punctuation mark The semicolon. Stephen King, Hemingway, Vonnegut, and Orwell detest it. Herman Melville, Henry James, and Rebecca Solnit love it. But why? When is it effective? Have we been misusing it? Should we even care? In *Semicolon*, Cecelia Watson charts the rise and fall of this infamous punctuation mark, which for years was the trendiest one in the world of letters. But in the nineteenth century, as grammar books became all the rage, the rules of how we use language became both stricter and more confusing, with the semicolon a prime victim. Taking us on a breezy journey through a range of examples—from Milton's manuscripts to Martin Luther King Jr.'s "Letters from Birmingham Jail" to Raymond Chandler's *The Big Sleep*—Watson reveals how traditional grammar rules make us less successful at communicating with each other than we'd think. Even the most die-hard grammar fanatics would be better served by tossing the rule books and learning a better way to engage with language. Through her rollicking biography of the semicolon, Watson writes a guide to grammar that explains why we don't need guides at all, and refocuses our attention on the deepest, most primary value of language: true communication.

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

The Elements of Style William Strunk concentrated on specific questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

"Hilarious...This book charmed my socks off." —Patricia O'Conner, New York Times Book Review Mary Norris has spent more than three decades working in The New Yorker's renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.

Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help! Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of The New York Times, The Wall Street Journal, and USA Today. Written with the wit, warmth, and accessibility that the podcasts are known for, Grammar Girl's Quick and Dirty Tips for Better Writing covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, Grammar Girl's print debut deserves a spot on every communicator's desk.
