In his landmark book, *The ROI of Human Capital*, Jac Fitz-enz presented a system of powerful metrics for quantifying the contributions of individual employees to a company's bottom line. Now, in *The New HR Analytics*, he reveals how human resources professionals can apply this expense-based knowledge to make the most strategic staffing decisions for their companies. Using Fitz-enz's proprietary analytic model, readers will be equipped to measure and evaluate past and current returns and apply the information to make predications about the future value
