Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

For courses in management. Modern human resources: technology, social media, and management Human Resource Management provides students with an introduction to the daily tools and skills they'll need to function as successful managers -- in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms. The 16th Edition focuses on the positive impacts technology has had on the HR field. For example, the ability to vet potential employees on the internet has shifted more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century.

For introductory courses in human resource management. Foundations in management beyond the HR department Fundamentals of Human Resources Management supports human resources training for all students of management -- not just HR managers. The text presents a wide range of HR topics within a single semester of material, and a wealth of functional examples and applications. Fundamentals is also the first text of its kind to make talent management processes a core study. This 5th Edition has been updated with practical personnel techniques, real company examples, and new material on business sustainability. Each chapter touches on important recurring themes in management, including employee engagement tactics, small/global business management, employment law features, and positive employee relations, to help students become stronger and more effective managers. A Framework for Human Resource Management provides readers and practicing managers with a concise yet thorough review of essential HR management concepts—including fundamental practices, methods, topics, and relevant legal findings—in a highly readable and accessible format.

'Human Resource Management' provides a comprehensive review of personnel management concepts and practices, focusing on the high-performance organization. It offers practical applications to help managers deal with personnel-related responsibilities.

Offers select, condensed, and thoroughly updated coverage rewritten from the authors' best-selling 'big' book Human Resource Management, 7/e."Offers an intensive, concise and succinct overview of human resource management - perfect for 'modular' courses"Provides users with the essential working vocabulary and knowledge they will need for the human resources parts of their management jobs"Global Issues in HR' sections in every chapter emphasize the importance of knowing how the practices may apply in different parts of the world

Fundamentals of Human Resource Management 1/e, is the first human resource management text that is built from the ground up to address the new guidelines set forth by the Society for Human Resource Management (SHRM). The book has a modular approach, with an emphasis on integrating HR Content, Personal Competencies, and relevant Business Applications.

高等学校经济管理英文版精编教材

Offers students a comprehensive understanding of HRM theory, skills and application - a perfect fit for a one semester unit. The authors reflect on current HRM issues such as diversity, flexibility, equity, globalisation, the regulatory environment, and IT. J Griffiths, La Trobe University and B Lloyd-Walker, Victoria University.
