itself made, nothing exists for nothing, nothing in Creation has nothing to do, that Creation exists solely though an Intelligent Design formulated by the Creators to expand themselves within themselves according to rule, there is aught in Creation not of the Design, and you will also know for a certainty that the Creators exist because if there is a Design there has to be a Designer. You are not yet aware of the Intelligent Design because you have not yet been made aware of the Principles of Creation. Your entire world view is held in a stygian deep of stagnant errant thought known as the 'Mentallized Illusion'. The Mentallized Illusion is the accumulated product of your wayward thinking over the last three and a half million years. Because of the illusion your current notions about Reality are completely misconstrued. You believe the entirety of Creation is a fourteen billion year old Universe. In Reality, Creation is over nine hundred trillion light years across and still within its infancy. You believe that Creation started out with a single big bang just over fourteen billion years ago. Creation started from an absolutely single point 'Point and Center' after the ending of the Antiquities of the Silences untold eons ago, and has been expanding ever since step by step instead of all at once. By work of the Design, the Creators have been converting themselves from out their original causeless ill fated formulation of Intelligent Breath and Tiny Particles of Substance into their caused everlasting Trinity formulation of Intelligence, Energy, and Substance called Creation by their Will, Desire, and Action. The Cosmos is not trivial. The current Outer Creation is over nine hundred trillion light years across and still within its infancy. Every Starr in every galaxy has a potential family of twelve

planets. Every planet has a population in its fifth dimension. The fifth dimension is the bottom line of Creation. Creation in total comprises the fourteenth dimension to the first. The Holy Trinity is the entirety of the fifteenth dimension. On only a very small handful of twenty five hundred planets does a 3D population also exist in the third dimension, ill consequence of the Luciferian Self Will Rebellion of the Cosmic Overplus five billion years ago. A mammoth inter-dimensional clean up in the aftermath of the Rebellion is already well underway as that you call Armageddon. Similarly, great 5D cosmic events are beginning to occur on Earth in significant number. Including a new twenty five thousand year Dispensary cycle, a new two hundred and fifty thousand year Evolutionary cycle, a new two hundred and fifty million year Galactic cycle, plus a new anti-matter Super Universe is starting up in Andromeda by bifurcation with Earth right in the middle of the point of bifurcation. All part and parcel of the out workings of the Intelligent Design. You are not on Earth by coincidence. The version of the Intelligent Design as revealed herein is in the most simplistic yet comprehensive form ever yet presented in front of Creation. The design is dirt simple and able to produce Creative result without limit.

Paperback, full colour, 372 pages - If you are ready to see the Universe through the eyes of those in different solar systems in different parts of the Universe, then you are ready to read 'The Revelatorium of Alpha and Omega' because that is exactly what it is. The 'Great Book' is being opened at last and the Revelatorium is the lead-in. It has been said that there are only two kinds of truths, those which you read up

# File Type PDF Intelligent Design Creation Revelatorium Livingstone Uversa

and those which you make up. This is incorrect. The two are better stated as those which Man believes and those which are so in 'Reality'. For example, Man believes the Universe is fourteen billion light years across. In 'Reality' the Universe is over nine hundred trillion light years across and still within its infancy. The Revelatorium is about 'Reality'. Likewise, Man believes the Universe is complex beyond belief. In actuality, the entirety of Reality can be summed up in one simple sentence, 'Nothing exists for nothing, the Universe is not of itself made, and nothing in it has nothing to do. Likewise, you do not know the true nature of God because you do not know the true nature of Reality. You believe that God is a Father, Son, and Holy Ghost. For two thousand years now the answer has been hidden in plain view. The last page of the Revelations states, 'I am Alpha and Omega, the first and the last, and therein lies the rub. You do not know who Alpha and Omega are because you do not know the true nature of the Holy Trinity. In Reality, Alpha is our Father, Omega is our Mother, and the consciousness of their only Begotten Son/Daughter is known everywhere as Christ. The three together are known throughout Creation as the Holy Trinity. As above so below. This is where the Universe began, not with a bang but with Will, Desire, and Action. Again, as above so below.

A brilliantly startling book! The Revelatorium reveals the entire Intelligent Design of Creation comprising the actual Principles and Rules by which all of Creation has been blueprinted and expressed, and which has never been revealed before Mankind before. The Revelatorium is about Reality where Reality includes the nine hundred

Paperback, full color, 239 pages - The Piscean Age has ended and the Age of Aquarius has arrived. The 'Great Book' is being opened at last. The great Mysteries of the Cosmos are at long last being revealed. The Waters of Truth have begun outpouring and for the next two thousand years you will expand in consciousnesses all the way. At the end of Aquarius you will be back up in the fifth dimension where you belong. The Cosmos is not trivial. The current Outer Creation is over nine hundred trillion light years across and still within its infancy. Every Starr in every galaxy has a potential family of twelve planets. Every planet has a population in its fifth dimension. The fifth dimension is the bottom line of Creation. Similarly, Cosmic events are beginning to occur on Earth in great number. You are not on Earth by coincidence. The Revelatorium also reveals the Intelligent Design by which all Creation has been blueprinted and expressed. The Revelatorium is a given manual for ascension back to the fifth dimension. The Revelatorium has a lot to tell you....

'The Radionic Ships of the Heavenly Host is a wonderful book for visionaries, a book that beautifully illustrates the truth about the Radionic Ships and how close they are

# File Type PDF Intelligent Design Creation Revelatorium Livingstone Uversa

to us. The author contends that these ships have been hiding in plain sight for thousands of years. But most recently, in the age of Aquarius, these ships have decided to be more revealing to humanity, and anyone can see them. Delahnnovahh-Starr Livingstone leads readers into a stunning discovery, with awesome photographic images that will convince anyone that what appears merely as a "Chemtrail or cute lamb" could actually be something of greater mystery. I picked this book out of sheer curiosity, but it felt like a powerful, mysterious hand drove me to it. I have never believed in UFOs or heavenly bodies thrusting through the sky. No, I have always believed in mysteries that are veiled from human eyes, but this book was able to make me change that belief. The author masterfully teaches readers to see beyond the obvious, to discover powerful manifestations of The Radionic Fleet of the Heavenly Host in the clouds, and does so by providing ample and undeniable proof to readers. The images are very powerful and compelling, unalloyed and utterly arresting. Readers will find the accompanying commentaries very interesting, written for the average reader and in compelling prose. In this book, you will know how to identify a Radionic Ship and determine which kind of ship you are looking at. This is a book that is revelatory and entertaining. After you read this book, you will never see clouds in the same way. By Christian Sia for Readers' Favorite

Tom and Carol Lumbrazo are authors, artists, and photographers based in Roseville,

California. During their 43 years together, including careers in government and business, they have discovered the meaning to their lives. After Tom's near-death experiences in 2001, their lives began to evolve in many ways. This transformation led to writing books about the hidden messages they discovered in the clouds, rocks and sidewalks, as well as other paranormal events. Their earlier, 2009 book, *A Journey to the Clouds*, and this book, *Faces of the Universe*, exhibit their talent for bringing these messages to all of us. These books uniquely demonstrate for us that there is more to our world than we imagined. After reading their books, how can we not look up at the clouds or not look down at the sidewalks and rocks? Tom and Carol's wish is that all of us can experience the messages and meanings captured within the landscape and atmosphere of our planet.

Published in 1955 under the direction of psychiatrist William Sadler, *The Urantia Book* is the largest and most sophisticated work of New Age literature ever produced. This massive tome of over 2,000 pages is believed by devotees to be a revelation to our world, which is allegedly called Urantia in the language of the unseen higher beings credited with inspiring the book. Unlike other channeled bibles, *The Urantia Book* contains a vast amount of modern science as well as an extensive biography of Jesus Christ, filled with details not found in the Gospels. Well-known skeptic and acclaimed popular science writer Martin Gardner presents a complete history of the Urantia movement, from its beginnings in the early 20th century to the present day. In addition to providing an outline of the Urantia cult's worldview,

Gardner presents strong evidence to establish the identity of the man whose trancelike orations formed the basis of the book. Gardner also analyzes the flaws in Urantian science and points out many instances of plagiarism in various sections of the book. In a new postscript to this paperback edition, Gardner details recent developments in the Urantia movement, corrects some errors in the original edition, and responds to critical reactions from Urantia believers to his skeptical perspective on the book and the movement. Although there are other histories of The Urantia Book, this is the only one written by a skeptic. Anyone interested in the New Age, cults, or the development of new religions will find much fascinating material in Gardner's thorough overview. Martin Gardner, the creator of Scientific American's Mathematical Games column, which he wrote for more than twenty-five years, is the author of almost one hundred books, including The Annotated Ancient Mariner, Martin Gardner's Favorite Poetic Parodies, From the Wandering Jew to William F. Buckley Jr., and Science: Good, Bad and Bogus. For many years he was also a contributing editor to the Skeptical Inquirer.

The Seven Circles is the account of a man who arrives in the far future when spiritual reality is a proven fact and mankind has evolved to a higher state. William Drake, the protagonist, finds that his values are completely irrelevant and his dog-eat-dog attitude a barbaric anachronism. That being the case, he is surprised to find that his company is desired by many just for the reason that his, by comparison, savage qualities are rare and gives the people the opportunity to “ turn the other cheek ” when faced with his behavior and thereby gain spiritual growth from the experience. The downside is that he is not allowed complete freedom until he has progressed in his own self-mastery through the conquest of the Seven Circles of spiritual, intellectual and material attainment; a daunting challenge for anyone, much less an

atheist. tten in the first person, the narrative of William Drake tells of his falling in love with the person who had revived him, Sheila, and of his own spiritual uplift and downfall as he encounters a myriad of personalities, celestial and human, and undergoes transforming experiences that make his soul evolve in cosmic growth.
