"An outstanding entry level text aimed at those with little or no cultural studies knowledge... Innovative, creative and clever." - Times Higher Education "The ideal textbook for FE and first year HE cultural studies students. Its quality and character allow the reader to 'feel' the enthusiasm of its author which in turn becomes infectious, instilling in the reader a genuine sense of ebullient perturbation." - Art/Design/Media, The Higher Education Authority An introduction to the practice of cultural studies, this book is ideal for undergraduate courses. Full of practical exercises that will get students thinking and writing about the issues they encounter, this book offers its readers the conceptual tools to practice cultural analysis for themselves. There are heuristics to help students prepare and write projects, and the book provides plenty of examples to help students develop their own ideas. Written in a creative, playful and witty style, this book: Links key concepts to the key theorists of cultural studies. Includes a wide range of references of popular cultural forms. Emphasizes the multidisciplinary nature of cultural studies. Includes pedagogical features, such as dialogues, graphs, images and recommended readings. The book's skills-based approach enables students to develop their creative skills, and shows students how to improve their powers of analysis generally. To listen to David Walton's musical response to Adorno's famous essay on jazz, please visit Adorno: Jazz Perennial Fashion . This song accompanies pages 64 to 66 of the book together with a series of questions designed to get readers to evaluate the positive and negative aspects of Adorno's approach.

Explores the origins of the field in Britain and its migration to the USA, Canada, France, Australia, and South Asia, examining the ideas of its leading exponents and providing a flavor of its use around the world.

This book traces the origins of cultural studies in Britain, and its dissemination in the United States, Canada, France, Australia, and South Aisa.

A rapidly changing world – in part driven by huge transformations in technology and mobility - means we all encounter shifting cultures, and new cultural and social interactions daily. Powerful forces such as consumption and globalization exert an enormous influence on all walks and levels of life across both space and time. Cultural Studies signals a major academic revolution for the 21st century. But what exactly is it, and how is it applied? It is a discipline that claims not to be a discipline; it is a radical critical approach for understanding racial, national, social and gender identities. "Introducing Cultural Studies" provides an incisive tour through the minefield of this complex subject, charting its origins in Britain and its migration to the USA, Canada, France, Australia and South Asia, examining the ideas of its leading exponents and providing a flavour of its use around the world. Covering the ground from Gramsci to Raymond Williams, postcolonial discourse to the politics of diaspora, feminism to queer theory, technoculture and the media to globalization, it serves as an insightful guide to the essential concepts of this fascinating area of study. It is essential reading for all those concerned with the quickening pulse of old, new and emerging cultures.

An ideal introduction, explaining the history and key concerns of cultural studies

A rapidly changing world in part driven by huge transformations in technology and mobility - means we all encounter shifting cultures, and new cultural and social interactions daily.
