This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every set-back, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time.It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.

Jaguar Cars features 50 of Jaguar's most iconic models through James Mann's stunning photography, from the original S5 Jaguar to today's F-Type sports cars and the C-X75 supercar concept.

In 1935, when a small company in Coventry, England, launched a sporting saloon (i.e., sedan) called the Jaguar S5, it set in motion an inexorable process that would lead to Britain's most beloved line of high-performance automobiles. The Complete Book of Jaguar covers the S5 and all of the Jaguar's subsequent production models, from the original S5 Jaguar to today's F-Type sports cars, F-Pace SUV, X-Type sedans, as well as concept cars. As with other books in the Complete Book Series, author Nigel Thorley organizes the content chronologically with entries for each year. Narratives for each discuss the cars and technology, while spec tables highlight key technical and performance specifications. Originally begun by a couple of motorcycle enthusiasts—William Lyons and William Walmsley—as a firm called the Swallow Sidecar Company, Jaguar would become one of the world's most celebrated automakers. In England's bleak postwar years, Jaguar became a shining star—first with its XK120, followed by the XK140 and XK150. Sporting sedans like the Mark 2 and Mark X set the bar for luxury four-door transport in the '50s and '60s. Then Jaguar stunned the world with the achingly beautiful E-Type in 1961, a genuine 150 mph super sports car. Along the way, the company competed on road courses around the world, going head to head with greats like Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era, it has bounded back stronger than ever in the twenty-first century with a strong lineup, including the new F-Type sports car and F-Pace SUV. The Complete Book of Jaguar is the essential guide to this important chapter in the history of sports and luxury automobiles.
