The administration is concerned that holding school sports before January 2021 presents significant health risks to participants and the public, and strongly recommends against holding such events. The administration strongly recommends that Pre-K to 12 school sports be postponed until at least Jan. 1, 2021.

COVID-19 Guidance for Sports

Implied Consent. In sports such as boxing, football, hockey, wrestling, and others, aggressive physical contact is an expected part of the contest. Some courts recognize this as the implied consent doctrine: that is, participants voluntarily assume certain risks of injury or violence during a sport activity.

It is important for anybody involved in sport and physical recreation to be aware of the legal context in which their activity takes place, to develop an understanding of their legal responsibilities and to know what might happen if something goes wrong. Sport, Physical Recreation and the Law is the first textbook on this difficult subject for students and practitioners in sport and physical recreation. Covering a wide range of legal principles and cases, this textbook introduces the reader to legal systems, terminology, databases and the use of case law. Designed to encourage analysis, reflection and the application of examples and ideas from the reader ' s own experience, the book clearly and comprehensively explains key topics such as: socio-legal aspects of sports violence and criminal liability negligence and defences against negligence manslaughter by individuals and organizations in sport principles of natural justice, disciplinary tribunals and doping discrimination, harassment and child protection risk management, statutory duties, and breaches of health and safety criminal liability – recognized sports, hazing, and cage fighting. Including over 300 exercises, hypothetical scenarios, investigative tasks and seminar activities, this book is an essential course text for all students of sport, recreation and the law, and an invaluable reference for coaches, physical education teachers and those who play, lead or organize sport and physical recreation.

"Managing Risk in Sport and Recreation includes numerous forms, checklists, and documentation strategies as well as safety questionnaires for each of the sports covered. This lawyer-created toolkit will help you take the necessary steps to reduce injuries, decrease lawsuits, and pinpoint the strengths and weaknesses in your programs. All of the forms and checklists are also reproduced on a CD-ROM included with the book so you can easily access and use them when needed."--BOOK JACKET.

Sport Law: A Managerial Approach, third edition, merges law and sport management in a way that is accessible and straightforward. Its organization continues to revolve around management functions rather than legal theory. Concise explanations, coupled with relevant industry examples and cases, give readers just enough legal doctrine to understand the important concepts that apply to each area. This book will help prepare students as they get ready to assume a broad range of responsibilities in sport, education, or recreation. Whether readers work as coaches or teachers; administer professional programs; manage fitness/health clubs; or assume roles in a high school, college, Olympic, or professional sport organization, legal concerns will inevitably be woven into their managerial concerns. This book provides knowledge of the law that helps create a competitive advantage and build a more efficient and successful operation that better serves the needs of its constituents. Special Features of the Book Managerial context tables. Chapter-opening exhibits act as organizational and study tools identifying managerial contexts in relation to major legal issues, relevant law, and illustrative cases for the chapter. Case opinions, focus cases, and hypothetical cases. Legal opinions--both excerpted (case opinions) and summarized (focus cases)--illustrate relevant legal points and help readers understand the interplay between fact and legal theory. The cases include questions for discussion, and the instructor ' s manual provides guidance for the discussion. Hypothetical cases further highlight topics of interest and include discussion questions to facilitate understanding of the material: analysis and possible responses appear at the end of the chapter. Competitive advantage strategies. Highlighted, focused strategies based on discussions in the text help readers understand how to use the law to make sound operational decisions and will assist them in working effectively with legal counsel. Discussion questions, learning activities, and case studies. Thoughtful and thought-provoking questions and activities emphasize important concepts;they help instructors teach and readers review the material. Creative case studies stimulate readers, as future sport or recreation managers, to analyze situations involving a legal issue presented in the chapter. Annotated websites. Each chapter includes a collection of web resources to help readers explore topics further. Accompanying the web addresses are brief descriptions pointing out key links and the sites' benefits. Bookmarking these sites will help readers in future research or throughout their careers.

Annotation This informative resource has been updated to help prevent the occurrence of accidents and property loss and to help counteract excessive legal claims. This highly anticipated, expanded new edition of Legal Liability includes updated charts and trends, more than 30 new case studies, teaching scenarios with questions for class discussion and application, as well as new chapters on adventure recreation, sports and disabilities, waivers, risk management, and needs assessment.

Risk Management in Sport and Recreation is a comprehensive resource for those charged with the responsibility of providing for the safety of participants and spectators in a sport or recreation setting. It covers a range of safety issues, including lightning, heat illness, aquatics, playground safety, drug testing, and medical emergency action plans. Readers receive clear and detailed explanations of issues to consider before making decisions on risk management. Risk Management in Sport and Recreation is designed to provide a foundation for approaching key issues in safety and risk management. It shows readers how to evaluate and analyze various safety issues and apply the underlying concepts to a variety of situations. The following are unique features of the text: -A safety guidelines finder lists Web sites of accessible standards, guidelines, and recommendations from leading organizations. -Chapter objectives and pullout boxes of key points and key statistics stress the importance of the topic under discussion. -Threshold issues in each chapter highlight important factors to consider when making decisions on risk management. -Real-world applications at the end of each chapter present scenarios involving the potential for harm, and readers must make a decision on how to address the issues. -Examples of public service announcements, posters, and other publicly viewed safety information are presented. -An appendix offers examples of emergency action plans, checklists, and recommendations from organizations such as the National Lightning Safety Institute and university aquatic centers. -A companion Web site provides links to the Web sites used in the book, as well as updates to guidelines and links that may occur after the book is in print. The safety guidelines finder gives students and practitioners a single location from which they can easily access important safety information. Organized under land-

based or water-based activities, each activity lists guidelines, recommendations, and standards along with the source for that information. Each entry includes Web sites where readers can find the full documents. The text also features sample guidelines and safety checklists from agencies and associations that demonstrate how organizations might plan for risk and communicate safety information. Readers also consider the types of postings and equipment they will need in order to communicate their risk management plans, and they are given real-life situations in which a risk management plan is needed and are prompted to consider why and how to create a plan for such situations. The resource will help students and professionals plan for and manage risk. Current and future employees of sport facilities, school athletic programs, parks and recreation programs, youth and aquatic centers, or resorts and golf courses will find that Risk Management in Sport and Recreation provides the tools to assist in making the right decisions to manage risk effectively.
