A revolutionary look at Martin Luther, the Reformation, and the birth of publishing, on the eve of the Reformation's 500th anniversary When Martin Luther posted his "theses" on the door of the Wittenberg church in 1517, protesting corrupt practices, he was virtually unknown. Within months, his ideas spread across Germany, then all of Europe; within years, their author was not just famous, but

infamous, responsible for catalyzing the violent wave of religious reform that would come to be known as the Protestant Reformation and engulfing Europe in decades of bloody war. Luther came of age with the printing press, and the path to glory of neither one was obvious to the casual observer of the time. Printing was, and is, a risky business--the questions were how to know how much to print and how to get there before the competition. Pettegree illustrates Luther's great gifts not simply as a theologian, but as a communicator, indeed, as the world's first mass-media figure, its first brand. He recognized in printing the power of pamphlets, written in the colloquial German of everyday people, to win the battle of ideas. But that wasn't enough--not just words, but the medium itself was the message. Fatefully, Luther had a partner in the form of artist and businessman Lucas Cranach, who together with Wittenberg's printers created the distinctive look of Luther's pamphlets. Together, Luther and Cranach created a product that spread like wildfire--it was both incredibly successful and widely imitated. Soon Germany was overwhelmed by a blizzard of pamphlets, with Wittenberg at its heart; the Reformation itself would blaze on for more than a hundred years. Publishing in advance of the Reformation's 500th anniversary, Brand Luther fuses the history of religion, of printing, and of capitalism--the literal marketplace of ideas--into one enthralling story, revolutionizing our understanding of one of the pivotal figures and eras in human history.

"Luther asserted that the doctrine of justification by faith alone is the article on which the church stands or falls, and that this issue touches the very core of the biblical teaching of salvation." --R.C. Sproul ----- Today, Martin Luther is known as the man who stood against popes and emperors in defense of the gospel. What drove this lone German monk to defy the Roman Catholic Church? It wasn't arrogance or ignorance. Luther knew what it meant to live in the darkness of unresolved guilt. Once he discovered that his acceptance before God is a gift received by faith alone in the merits of Christ alone, Luther was set free, and he would not rest until the light of this truth went out to the world. In this book, Dr. R.C. Sproul guides us through several crisis moments in the life of Martin Luther that led to his recovery of the gospel revealed in Scripture. Justification by faith alone was a liberating truth for Luther and the other Protestant Reformers, and it is good news for us to cherish today.

If religion is the opium of the masses, then the beliefs about the end of the world are overdoses. The belief in the imminent end of the world is one of the most powerful and radical motivations of the human psyche. It is the overflow of adrenaline of the religious beliefs that combines urgent passions with deep megalomaniac tendencies. Fatalistic beliefs have the ability to generate incredible powers by setting into motion large masses of people and converting their feelings into a collective force. People caught in this kind of phenomena are capable of out of the ordinary things; they can...

Was the Reformation a mistake? In its actual historical context, it hardly seems fair to call the Reformation a "mistake." In 1517, the Church was in need of a spiritual and theological reform. The issues raised by Renaissance humanism - and by the profound corruption of the Church's leaders, the Avignon papacy, and the Great Schism in the fourteenth and fifteenth centuries - lingered unresolved. What were key theological problems that led to the Reformation? Theologian Matthew Levering helps readers see these questions from a Catholic perspective. Surveying nine key themes - Scripture, Mary, Eucharist, Monasticism, Justification and Merit, Saints Priesthood, and Scripture - he examines the positions of Martin Luther and makes a case that the Catholic position is biblically defensible once one allows for the variety of biblically warranted modes of interpreting Scripture. At the same time, Levering makes clear that he cannot "prove" the Catholic case. The book concludes with a spirited response by "mere Protestant" theologian Kevin J. Vanhoozer. X
