"This textbook on CRM, a new approach to marketing, is comprehensive and managerially very useful. Its case studies with a mixture of Indian and non-Indian cases, are extremely interesting and will be fun for students to learn and for instructors to teach." JAGDISH N. SHETH, Professor of Marketing,Emory University This straightforward and easy-to-read text provides students of manage-ment and business studies with a thorough understanding of fundamental abilities and strategies that lead to the successful implementation of practice of CRM (Customer Relationship Management), regarded as the wonder solution to all the problems encountered by marketers. To cope with the increasing intensity of competition, necessitating a drive towards enhancement of customer satisfaction, the book emphasizes the need for integration and coordination along the value chain to effectively and efficiently manage customers. The book focuses on best practices in CRM and illustrates along the way through several interesting case studies how CRM has been used in various industries to build relationships with customers. The book also provides a solid grounding in tools, techniques and technologies used in CRM and explains in detail the power of eCRM to help companies make their vision of CRM a reality. The text is intended for students of MBA, PGDM (Postgraduate Diploma in Management), and PGPBA (Postgraduate Programme in Business Administration). Besides, this book is a useful reference for managerial and marketing professionals. KEY FEATURES ? Provides insight into contemporary developments in CRM ? Cites Indian as well as global examples ? Offers case studies on Indian and global companies to highlight the use of CRM

An army addicted to power, a soldier prepared for the ultimate sacrifice, and a spy who will go to any length to stop him – Operation 'Fox-Hunt' is a tale of sacri ce, camaraderie and betrayal. The Pakistani army, mauled by the Abbottabad raid, decides to create and execute an operation that will get the Pakistani public opinion firmly behind them. Major Shezad Khan, a much decorated officer from the Pakistani army's elite Special Service Group (SSG) embarks on a mission to attack a strategic target in India. His comrades-in-arms are five ferocious Lashakar-e-Taiba militants. Though he crosses into India through Kashmir, there is one man who has been tasked with the job of ensuring that they don't reach their target. RAW's Senior Field Agent Sanjay Khanna teams up with Military Intelligence and NSG to thwart the attack. The narrative sweeps across the vast expanses of Tajikistan, the malarial jungles of Bengal, through conflict zones in Baluchistan, and the Vale of Kashmir as the two men and their teams race against time. A thrilling finale awaits in the maximum city – Mumbai. Will the 'Fox-Hunt' succeed?

Besides facilitating information dissemination, building bonds and making world much more 'connected' than ever before, Social Media websites like Facebook and Twitter are branding you and your business 24x7. Each time you update your status message or tweet, it creates an impression about you and forms an image in the mind of the reader. This is a continuous process and slowly but steadily 'perceptions' emerge or get modified or change about a person or a firm by the way their social media presence is executed. What appears a casual activity may have a deep implication. This book explores the current scenario in the Indian context, providing insights and observations for making your social media presence more effective beyond casual usage. The earnest attempt of the book is to build a holistic perspective on Social Media. We believe that facets of social media unknown to you would be unraveled as you read and this experience will provide you with more confidence. Also, please note that reading is just the beginning of our association. Do buzz us on Facebook page and Twitter handle of this book. Be assured, we will revert to you as soon as possible.

After the success of "Operation Fox-Hunt", Sanjay Khanna is back in action. And this time the stakes are higher. Hurt and pushed to the back foot by Indian political actions in Kashmir, the Pakistani Military establishment is angry and decides to strike, hard! Their man for the job, Major Mansoor Khan of the Pakistan Army is given a target. A deadly weapon from an old conflict is summoned back from its exile to deliver a crippling blow that will change the history of the subcontinent. Mansoor and his men have their tasks cut out. With a handpicked team and a well-oiled plan, they are on their way. Can they be stopped in time? Will the Indian security agencies be able to detect and neutralise the attack? Operation Hellfire unfolds across the crystal-clear waters off Thailand to the mountains of Chakrata in India, via the dusty expanse of Afghan countryside through the intrigue filled city of Quetta, right through to the heart of India, Delhi. A heady mix of thrilling detective work combined with high octane explosive action keeps you turning the pages.

Cost and Management Accounting: Fundamentals and its Applications caters to a much needed requirement of a text that is contemporary and at the same time provides a concise approach to cost and management accounting in the Indian context. Every effort is made in this book to expose the students to the relevance of cost concepts in managerial decision-making. Key Features Learning Objectives: These objectives, at the beginning of each chapter, outline the flow of a chapter and serve as points of comprehension and evaluation. Chapter Opening Case: Each chapter opens with an interesting case of a hypothetical company, posing an issue directly related to the concepts covered in the chapter. This should help the student to relate the chapter's theoretical content to an actual business setting. Opening Case Linkages: Each chapter opening case is revisited later in the chapter, after the students have gained an understanding of the concepts and techniques needed to address it. Link to Practice: All chapters incorporate multiple real-world applications of management accounting concepts. These provide an opportunity for the students to bridge the text material to actual accounting practice. Research Insights: Each chapter discusses current research relevant to the theory and practice of cost and management accounting to assist students develop proper reasoning about the topics under discussion. You are the Decision Maker: Each chapter poses short, thought-provoking questions in order to motivate students to apply the knowledge they have gained. Ethical Dilemma (Real World Cases): The cases talk about importance of business ethics in managerial accounting Coverage of Diverse Industries and Sectors: The book has a balanced mix of manufacturing, service, trading, mature and start-up companies, taken as a background to illustrate the universality of application of cost management tools. Illustration Problems: Two solved review problems accompanied by solutions in each chapter. These problems demonstrate the applicability of major concepts and procedures covered in the chapter. Glossary: Comprehensive glossary at the end of the book.

### GENERAL AWARENESS FOR IBPS, SBI, BANKING EXAMINATIONS

Social media has opened several new marketing channels to assist in business visibility as well as provide real-time customer feedback. With the emergence of new internet technologies, businesses are increasingly recognizing the value of social media and web presence in the promotion of their products and services. Harnessing the Power of Social Media and Web Analytics documents high-quality research to empower businesses to derive intelligence from social media sites. These emerging technological tools have allowed businesses to quantify, understand, and respond to customers' conversations about their corporate reputation and brands within online communities. This publication is ideal for academic and professional audiences interested in applications and practices of social media and web analytics in various industries.

A book for Indian designers and brand marketers, Aesthetics in Marketing primarily deals with understanding aesthetics beyond its visual association and making it relevant to product designing strategies. It is the first attempt of its kind to understand the influence of aesthetics in the context of two very important sectors of the industry—consumer durables and automobile. The book analyses various aesthetic attributes, qualities and elements in a product and deliberates on the important of each of these and the kind of balance necessary among them for designing successful products. It stands out on account of the theory, concepts and models discussed, which have a strong foundation in the authors' primary research. Through real-life case studies, interviews, and company and consumer surveys, the authors have brought to the fore the important of aesthetics in various aspects of marketing, like cultivation of a brand image, and have focused on the role played by demographic variables in influencing product buying decisions. Bringing a whole new meaning to the adage 'beauty is in the eye of the beholder', this book will certainly lead to introspection on the importance of 'aesthetics' in the market value of a product.

This book includes the basics of Marketing Management which is essential for any university course. Includes topics like Marketing Environment, Market planning, Marketing mix, Product life cycle, market research, segmentation, targeting, positioning, Marketing research, testing and launching, promotion mix, consumer behavior etc. and other topics
