Marlborough His Life and Times - AbeBooks

John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. Victorious in the Battles of Blenheim, Ramillies, and countless other campaigns, Marlborough, whose political intrigues were almost as legendary as his military skill, never fought a battle he didn't win.

Results for: Marlborough: His Life and Times 4 volumes

An epic tome covering the entire life of John Churchill, First Duke of Marlborough. I thoroughly enjoy all of Churchill's writings and wit, and even the less exciting moments are told with a vividness and dedication to historical accuracy (copiously detailed by Winston as his counter to the many slanders of Macaulay's histories) by way of documentation that one can only salute with admiration.

Marlborough His Life and Times by Churchill, Winston S

John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesman in the history of England. His descendant, Sir Winston Churchill wrote this work as both an act of homage, and as an historical insight into the man behind the statesman.

Marlborough His Life and Times by Churchill, Winston S

Marlborough His Life and Times by Churchill, Winston S

The prime minister and Nobel Prize–winning historian begins his four-volume biography of the British statesman John Churchill, first Duke of Marlborough. In the first volume of this ambitious and stunningly written biography, Sir Winston S. Churchill discusses the early career and stratospheric rise of his illustrious, seventeenth century ancestor. John Churchill, the Duke of Marlborough, may have been eclipsed in history by his more well-known descendant, but in his time, Marlborough was considered one of England’s foremost military and political leaders. This first installment pays particular attention to personal details of Marlborough’s life, and the important role several women played in his success—including his sister, his wife, the Duchess of Cleveland, and Queen Anne herself. Churchill breathes life into these personal connections in order to showcase Marlborough not only as a luminary figure in British history, but also to bring him to life once again in the mind of the reader. “A sustained meditation on statecraft and war by the greatest war leader of our time.” —Foreign Affairs “The greatest historical work written in our century, an inexhaustible mine of political wisdom and understanding, which should be required reading for every student of political science.” —Leo Strauss

"It is my hope to recall this great shade from the past, and not only invest him with his panoply, but make him living and intimate to modern eyes."—from the preface to Volume One
John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. Victorious in the Battles of Blenheim (1704), Ramillies (1706), and countless other campaigns, Marlborough, whose political intrigues were almost as legendary as his military skill, never fought a battle he didn't win. Although he helped James II crush the rebellion of the Duke of Monmouth, Marlborough later supported William of Orange against James II in the Glorious Revolution of 1688 and brilliantly managed England's diplomatic triumphs during the War of the Spanish Succession. Marlborough also bequeathed the world another great British military strategist and diplomat—his descendant, Winston S. Churchill, who wrote this book to redeem Marlborough's reputation from Macaulay’s smears. One million words long and ten years in the making, Churchill's Marlborough stands as both a literary and historical masterpiece, giving us unique insights into the Churchill of World War II, for just as Churchill's literary skill helps us understand the complexities of Marlborough's life, so too did his writing of Marlborough help Churchill master the arts of military strategy and diplomacy. This two-volume edition includes the entire text and almost all the original maps.

In 1953, Winston Churchill received the Nobel Prize for Literature. In fact, Churchill was a professional writer before he was a politician, and published a stream of books and articles over the course of two intertwined careers. Now historian Peter Clarke traces the writing of the magisterial work that occupied Churchill for a quarter century, his four-volume History of the English-Speaking Peoples.As an author, Churchill faced woes familiar to many others; chronically short of funds, late on deadlines, scrambling to sell new projects or cajoling his publishers for more advance money. He signed a contract for the English-Speaking project in 1932, a time when his political career seemed over. The magnum opus was to be delivered in 1939, but in that year, history overtook history-writing. When the Nazis swept across Europe, Churchill was summoned from political exile to become Prime Minister. The English-Speaking Peoples would have to wait.The book would indeed be written and become a bestseller, after Churchill left public life. But even before he took office, the massive project was shaping his worldview, his speeches and his leadership. In these pages, Peter Clarke follows Churchill's monumental quest to chronicle the English-Speaking Peoples - a quest that helped to define the enduring 'special relationship' between Britain and America. In the process, Clarke gives us not just an untold chapter in literary history, but a fresh perspective on this iconic figure: a life of Churchill the author.

A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history. World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him “the most interesting problem of personal speculation in English politics.” More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill’s career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill’s reputation through to the present day, Churchill’s Shadow colorfully renders the nuance and complexity of this giant of modern politics.

One million words long and ten years in the making, Churchill's "Marlborough" stands as both a literary and historical masterpiece, giving readers unique insights into both the author and his famous ancestor, John Churchill, the Duke of Marlborough (1644-1722). 1 halftone. 103 maps.

The second volume in the Nobel Prize winner’s biography of John Churchill, first Duke of Marlborough: “The greatest historical work written in our century” (Leo Strauss). After the defeat of the Conservative government in the 1929 general election, Winston S. Churchill entered a period of political exile; a time he referred to as “the wilderness years.” It was during this time that Churchill began his work on Marlborough: His Life and Times, widely considered to be one of his most ambitious and masterful literary works. Although not as well remembered as his more famous descendant—Churchill himself—Marlborough was an influential soldier and statesman of seventeenth- and eighteenth-century Great Britain, known in his day as a gifted military commander who never lost a battle. This second volume of Churchill’s four-part biography brings Marlborough’s military successes, political intrigues, and personal passions to life, while his descendant reflects “on the perplexities of alliances, the paradoxes of strategy, and the stresses of combat” (Foreign Affairs). “An inexhaustible mine of political wisdom and understanding, which should be required reading for every student of political science.” —Leo Strauss

A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname “the British Bulldog.” Churchill Style takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well

Read Online Marlborough His Life And Times Book One

as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill's interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. "All readers will appreciate Singer's highly intelligent observations about how Churchill's style contributed to, and was ultimately an integral part of his brilliant career." —Gentleman's Gazette
