Young Michael Jordan, who is smaller than the other players, learns that determination and hard work are more important than size when playing the game of basketball.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were

upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

NOTE: This Parent-Teacher-Mentor Edition of Shine In Your Life's Journey accompanies the student guide/workbook Shine In Your Life's Journey: A Student's Guide to Character Development, and contains helpful instructions to the lessons in the Student Guide for any parent, teacher, and mentor. "There is honor in meeting and overcoming life's challenges." This is the theme of Shine in Your Life's Journey (for students) and is meant to inspire children of all ages with the belief that with meaningful learning tools, they have the power to meet their personal challenges and goals with courage and purpose. Shine In Your Life's Journey is a simply formatted, straightforward guide/workbook to help students learn the important values and behaviors that build and sustain a strong character. Containing concise, thought-provoking, and enjoyable lessons, this easy-to-use guide encourages its student users to discover their own innate strengths as well as improve areas of lesser strengths that will help them achieve their hopes, dreams, and goals in their lives. The lessons are divided into three sections: Being an Honorable Person, Self-Discovery, and Self-Empowerment, and are a result of the curriculum the author has developed for the children he teaches and mentors at Jasper Mountain Center in Jasper, Oregon, an internationally renowned residential facility that addresses the significant needs of children and their families who have suffered the trauma of abuse. Author Greg Ahlijian has been a volunteer at the Jasper Mountain facility since 2008, teaching and mentoring children from ages 8-14 about character development, nature, and poetry. Inspired by the children, he has written two books that contain life lessons: The Large Rock and the Little Yew teaches the virtues of courage, perseverance, self-respect, and hope; and An Elephant Would Be Wonderful, a book about self-discovery. He says, "To be able to provide a smile on a child's face, a bit of joy or inspiration, is what my book projects are all about!"

I've got 99 problems but money ain't one. Though a sister with cotton candy for brains, a spatula-wielding six-year-old niece with a British accent, and the mysterious businessman who left me that damn ticket are all currently vying for the top spot. When I became the sole winner of a \$270 million Megaball jackpot, thanks to a sexy stranger who left a lottery ticket instead of paying for his meal, my entire world flipped upside-down. Now, with money-sucking vultures, douchebags by the dozens, and a horde of total hotties just waiting to get their mangy paws on my newfound fortune, I set out to locate the man who gifted me the winning ticket--to properly thank him. However, when I finally find the cocky, self-absorbed business tycoon, Teague Goodman, I'm not sure whether I want to slap him... or ring his MEGABALLS.
