Mind Maps for Effective Project Management: Amazon.co.uk ...

Mind mapping allows a team to flesh out project deliverables, prerequisites, conditions, and assumptions. It is particularly useful to do that while a client is talking about his or her needs. Clients and the team working on the project will be able to understand the scope of a project much more efficiently via a colorful diagram rather than with paragraphs of black and white text.

A mind map conveys the hierarchy and relationships between individual ideas and enables you to see the big picture. A mind map makes use of mental triggers (such as pictures, colors, and connections) to help your brain memorize things more easily. The best part: mind mapping doesn't feel like work! It's those properties that make mind maps such a great learning tool.

lecture, a whole module, or a particular theory in your field; you can even use them to help you revise for exams by mind mapping your course notes or a past exam paper. And the good news is you don't have to be Picasso to make a great mind map.

"Much progress results when different streams of human understanding are brought together. This book is about such an epiphany - that the traditionally left-brain working of industry can be greatly enriched by the creative potential of mind-maps. Our process-oriented industries need more creativity... so it is definitely worth investing some time to evaluate this book and its thesis for yourself!" -Manas Fuloria, Co-founder and CEO, Nagarro

"Project management is typically associated with linear thinking with a beginning, a middle and an end. Mind Maps are associated with Creativity and non-linear thinking. When an expert in both areas - PMP, Scrum Master and a Thinkbuzan tutor- brings this expertise together in one book, it tickles the left and right side of the brain simultaneously. Maneesh has written a compelling thesis and is a must read for CXOs and project managers alike, to get the most out of projects!" -Sameer Garde, President, South Asia, Philips India

"While solving complex problems we may have a difficulty in looking at all perspectives of the eventual solution. Mind Maps help in documenting our thoughts in a more structured way by aligning the creative thinking process with the analytical decision process. This expertise was so far not available in India and the initiative by Maneesh is a welcome and valuable contribution. This is especially useful for mid-level and senior people but can be used by all

age groups." -Tushar Bhatia, Founder & CEO, EmpXtrack "Just as the LEAN movement transformed the Manufacturing industry, Mind Maps can do the same to the field of Project Management. A Mind Map helps cuts across the noise in multiple situations, brings into focus the core issue and ignites creativity through whole brain thinking. Through this book Maneesh has provided a framework and examples to apply Mind Mapping to the practice of Project Management - a bold move that will encourage creative thinking and problem solving. A must read for organizational heads and all project managers." - Nitin Kulkarni, Founder & Principal Consultant, Elevo Consulting "The book is a Project management and Mind Maps toolkit coming from a practicing professional and trainer Maneesh Dutt. It is a guide map for decision makers to enable project professionals become more creative and innovative in managing projects. Projects, today, are more like a hundred meter sprint than a marathon and deserve nimble techniques like Mind Maps to execute better. The book picks up the threads from project management fundamentals along with inspiration from nature and provides a rich array of Mind Map templates allowing organizations to kick start their journey towards better project management. A real boon to organizations that are involved in any Project activity!" -Gaurang Joshipura, Managing Director, Zeppelin Systems India Pvt. Ltd.

Reviews the basics of mind mapping, explains why and how mind maps are used, and demonstrates the practice in hypothetical situations.

Unlock your brain's potential using mind mapping Mind mapping is a popular technique

Get Free Mind Maps For Effective Project Management

that can be applied in a variety of situations and settings. Students can make sense of complex topics and structure their revision with mind mapping; business people can manage projects and collaborate with colleagues using mind maps, and any creative process can be supported by using a mind map to explore ideas and build upon them. Mind maps allow for greater creativity when recording ideas and information whatever the topic, and enable the note-taker to associate words with visual representations. Mind Mapping For Dummies explains how mind mapping works, why it's so successful, and the many ways it can be used. It takes you through the wide range of approaches to mind mapping, looks at the available mind mapping software options, and investigates advanced mind mapping techniques for a range of purposes, including studying for exams, improving memory, project management, and maximizing creativity. Suitable for students of all ages and study levels An excellent resource for people working on creative projects who wish to use mind mapping to develop their ideas Shows businesspeople how to maximize their efficiency, manage projects, and brainstorm effectively If you're a student, artist, writer, or businessperson, Mind Mapping For Dummies shows you how to unlock your brain's potential.

The nature of life is such that we always have to face challenges either large or small. It is easy to get bogged down by problems, which in turn cloud our thinking process, making it even more difficult for us to surmount difficult situations. Would it not be wonderful if we had a tool, which could help raise our level of thinking, which would allow solutions to emerge from within us? A Mind Map Mandala is precisely that thinking tool, which can help

Get Free Mind Maps For Effective Project Management

us in life ' s multiple situations. When Mind Mapping is combined with the ancient art of Mandala, involving color and images, it becomes even more potent in opening hitherto unknown doors for us. You will discover in this Book how Mind Map Mandala ' s can help you • Discover your life purpose • Help you achieve your life goals • Understand and Manage your emotions • Change unwanted habits • Decision making • Solve life ' s complex problems • And even write a book All you need are a few color pens to get started on your journey and allow the Mind Map Mandalas to guide you to your destination.

Tony Buzan knows more than a little about Mind Maps – after all, he did invent them! Often referred to as the ‘ the Swiss-army knife for the brain ’ , Mind Maps are a ground-breaking, note-taking and mind-organising technique that has already revolutionised the lives of many millions of people around the world and taken the educational world by storm. Now Tony Buzan is sharing the powerful techniques of mind mapping with the business world to help business professionals everywhere revolutionise the way they think and practise. Mind Maps for Business is the very first and only book on mind mapping that has been written by Tony Buzan specifically for a business audience. No matter how big or small the business you work in; no matter if you ' re an employer or an employee; no matter what your role is, you ' ll find the benefits of using mind maps to help you think, organise, plan and control are vast: Accelerate your productivity to levels you never thought possible. Generate exciting new possibilities for growth and expansion. Make meetings, discussions and forums really productive and useful. Negotiate, talk and consult more constructively and effectively. Be more focussed, more organised and much smarter. Unleash your amazing creative

capabilities. Whether you ' re writing marketing plans or strategy documents; looking for new ways to develop your business; planning a conference or event; restructuring your staff; or looking to improve your management and leadership skills – discover today the amazing advantages that using Mind Maps for Business can bring.

The definitive guide to using the Mind Map technique to get organized, improve your memory, plan your business strategy, and more—from the original creator of this revolutionary thinking tool For the past five decades, Tony Buzan has been at the leading edge of learning and educational research with his revolutionary Mind Map technique. With Mind Map Mastery, he has distilled these years of global research into the clearest and most powerful instructional work available on the Mind Map technique. Tony Buzan ' s Mind Map technique has gathered amazing praise and an enormous worldwide following over the last few decades—but as with any very successful idea, there have been many sub-standard imitators. With Mind Map Mastery, Tony Buzan re-establishes the essential concepts that are the core of the Mind Map with a clarity and practicality unrivalled by other books. If you are looking to improve your memory, plan your business strategy, become more organized, study for an exam or plan out your future, this is the book for you. With a clarity and depth that far exceeds any other book on the subject, it includes:

- The history of the development of the Mind Map
- An explanation of what makes a Mind Map (and what isn't a Mind Map)
- Why the Mind Map technique is such a powerful tool
- Illustrated step-by-step techniques for Mind Map development
- How to deal with Mind Maps that have “ gone wrong ”

Developed both for those new to the Mind Map concept as well as more

This book doesn't offer a 10-step plan for a successful project management career because no plan can possibly address every project contingency. This book is a necessary guide for any coordinator of people and projects. You may be a planner, thinker, strategist, project manager, business owner, executive leader, business analyst, athletic coach, parent or simply an individual curious about ways to become more effective at work. Any way you slice it, you'll benefit from reading this book. The Effective Project Manager explains in easy-to-understand terms what you need to do in order to become the best project manager you can be—an Effective Project Manager (EPM). The key themes of this book include time management, people management and thoughtful production of work that matters. You need to be able to tell what work is the most important during any given hour spent on the job. You'll learn how to accomplish this task by better understanding people and organizations. You'll get people to tell you things by listening, planning and leading. You'll turn into a doer who can handle any situation thrown at you. You'll learn how to organize your thoughts and structure your planning process by using mind maps and pictures. You'll find out how to track progress easily and give your teams proven processes to use. Finally, you'll learn the common traits that all EPMs share. The book is split into two parts. Part 1 focuses on how to manage yourself and includes tools that will help you become more effective in both your professional and personal life. Part 2 focuses on how to manage others. If you can manage yourself and manage others effectively, then you can lead almost any project.
