Like other fictional characters, female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting, however, to compare the fictional world of the mystery sleuth with the world in which readers live. Of course, mystery readers do not share one simplistic world. They live in urban, suburban, and rural areas, as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor; young or old; conservative or liberal. So are the heroines. What incredible choices there are today in mystery series! This three-volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are provided are subjective. Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1, 1990 to December 31, 1999. This more than doubles the number of sleuths introduced in the 1980s (298 of whom were covered in Volume 2) and easily exceeded the 347 series (and some outstanding individuals) described in Volume 1, which covered a 130-year period from 1860-1979. It also includes updates on those individuals covered in the first edition; changes in status, short reviews of books published since the first edition through December 31, 2008.

Mah-Jongg? Yep. In hip Hollywood, that kitsch old game is fast becoming the next "new" obsession -- and that calls for a party! Madeline Bean and her charming partner Wesley Westcott are determined to throw a gonzo Chinese New Year banquet. But among the hot mah-jongg tiles, the steamy dim sum, and the frosty Singapore slings, no one expects to find one of the players ice-cold dead! Meanwhile, in one of the historic celebrity mansions that Wesley is restoring as a sideline, a well-aimed crowbar uncovers a stash of precious objects -- including an antique mah-jongg set. As Madeline pieces together how these two events are connected, she must separate the yin from the yang to uncover a killer. It doesn't take a fortune cookie to spell it out. There is always a price to pay...whether gambling at mah-jongg -- or murder.

Although not about to say "I do" anytime soon, hip party-planner Madeline Bean is no stranger to the phenomenon known as the LA wedding; the good, the bad and the kind where the party lasts longer than the marriage. Still, Maddie never expected to be the guest of Vivian Duncan, the West Coast's grande dame of wedding consultants, at a lavish affair held amidst the dramatically lit fossils in the Nature Museum's Hall of Dinosaurs. While checking out the glittering event, Maddie, with her keen event planner's instinct, realizes something is not quite right, but what? The groom is on time. The bride is beautiful. And a corpse wearing a Cartier bracelet is dangling from the triceratops skeleton. Ah, yes. That. With people disappearing and the bride in tears, Maddie just may be the next species to become extinct...unless she can reveal the murderer fast. Quicker than she can whip up a white chocolate wedding cake, Maddie follows the trail deep into dark jungles—urban and otherwise—amid tantalizing tales of smuggled gems, while fending off a nervous bridegroom, a crazed carjacker, and a half-naked ice-sculptor and his trusty chainsaw. Along the way, she discovers something old, something new, something deadly and something a wedding pro should never, ever do. They are survivors of the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of no way! At this point in history, the idea of black inferiority sh...
