On the morning of January 31, 1921, the Carroll A. Deering, a beautiful, huge, five-masted schooner was found hard aground on Hatteras Diamond Shoals, North Carolina. The crew was nowhere to be found. Abandoned and deserted, with all of its eleven crewmen missing, the circumstances are as strange as those of the Mary Celeste, and her demise remains as one of the greatest unsolved maritime mysteries of all time.

Feb 25, 2018 - Strange occurrences that happen on this planet with no explanation as to why. See more ideas about Unexplained mysteries, Strange, Mystery.

Collects more than six hundred documented reports of incredible occurrences witnessed or experienced, over the past two hundred years, by ordinary people

From his childhood in Depression-era New York to his salad days in Dublin to his rule of the roost as the bumptious Archie Bunker, the actor looks back on his life, including his son's tragic drug addiction and death. Reprint.

An intriguing collection of unexplained events and mysterious happenings occurring throughout the modern world.

A lonely expat encounters a mysterious American couple in Vienna in this “ spare, taut little novel that uncoils into horror ” (The Philadelphia Inquirer). Even as a child, Joseph Lennox was happy to live in his older brother Ross ’ s shadow. Sadistic and charming, Ross was blossoming into a teenage rebel when one day, down by the train tracks, Joe inadvertently shoves him onto the third rail. After that fatal afternoon, Joe tried to blend into the shadows, fleeing to Austria as soon as he graduated college. Now he lives in Vienna, enjoying the cozy dullness of empty caf é s and old movie theaters, doing his best to forget the day he watched his brother die. But death is not through with Joe Lennox. India and Paul Tate are the first Americans he has befriended since settling in Vienna, and it isn ’ t long before their budding friendship takes a strange turn, exposing a dark passion that Joe thought he left behind long ago, beside his brother ’ s electrocuted body and the hot third rail. This ebook contains an all-new introduction by Jonathan Carroll, as well as an exclusive illustrated biography of the author including rare images from his personal collection.

Space & Universe have always attracted human race. There have been several mystries associated with this. Humans have always & will continue to travel to find what exactly is hidden in space out there. I at age of 15 am no different & have plans to solve the mysteries. So come join me in understanding few mysteries.

Continuously popular since it first appeared in 1977, The Incorruptibles remains the acknowledged classic on the bodies of Saints that did not undergo decomposition after death, many remaining fresh and flexible for years, or even centuries. After explaining both natural and artificial mummification, the author shows that the incorruption of the Saints bodies fits into neither category but constitutes a much greater phenomenon which is unexplained by

modern science even to this day. The author presents 102 canonized Saints, Beati and Venerables, summarizing their lives, the discovery of their incorruption and investigations by Church and medical authorities. The incorruptible bodies of saints are a consoling sign of Christ's victory over death, a confirmation of the dogma of the Resurrection of the Body, a sign that the Saints are still with us in the Mystical Body of Christ, as well as a proof of the truth of the Catholic Faith for only in the Catholic Church do we find this phenomenon.

For connoisseurs of imaginative fiction, the novels of Jonathan Carroll are a special treat that occupy a space all their own. His surreal fictions, which deftly mix the everyday with the extraordinary, have won him a devoted following. Now, in *Glass Soup*, Carroll continues to astound . . . The realm of the dead is built from the dreams--and nightmares--of the living. Octopuses drive buses. God is a polar bear. And a crowded highway literally leads to hell. Once before, Vincent Ettrich and his lover, Isabelle Neukor, crossed over from life to death and back again. Now Isabelle bears a very special child, who may someday restore the ever-changing mosaic that is reality. Unless the agents of Chaos can lure her back to the land of the dead--and trap her there forever. *Glass Soup* is another exquisite and singular creation from the author January magazine described as "incapable of writing a bad book much less an uninteresting one." At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Read about the strangest things in the universe - other worlds, strange objects and peculiar happenings. How much do you believe? Encounter the evidence and make up your own mind!

Ready, set, investigate! Welcome to the world of *Sleuth & Solve*, where clues are in the details and crafty twists put readers' wits to the test. This first book in a new series of mind-bending mini-mysteries encourages readers of all ages to practice deductive reasoning, consider the most subtle details, and always think outside the box. Readers may play alone or with friends, collecting points for cracking each case and determining whose sleuthing skills reign supreme. Read the clues, then lift the flap to reveal the answer to each mystery! This compelling collection of clever, inference-based mysteries makes the perfect gift for puzzle lovers and super-sleuths of every age.
