Provides advice on avoiding jargon and clichés, and practical, up-to-date guidance on writing in an inclusive manner Shows you how it's done with hundreds of real examples, including 'before' and 'after' versions"--

The growing interest today in women's writing has led to a re-evaluation of British literary history, emphasizing the vitality of both well-known women writers and bringing to light the work of numerous hitherto forgotten figures. Assuming no previous knowledge on the part of readers, *The Oxford Guide to British Women Writers* provides in a single volume an accessible and stimulating beginner's guide to the widest range of British women's writing, from the earliest times to the present. Entries on some 400 writers from Aphra Behn to Jeanette Winterson and Mary Wollstonecraft to Barbara Cartland offer a brief outline of each woman's life, her major publications, contemporary critical reception, and an evaluation of significant features of her work, together with suggestions for further reading. The range of writers discussed includes novelists, poets, and playwrights, together with mystics, diarists, travel writers, scientists and translators. The editor has carefully selected a number of non-British writers such as Sylvia Plath, who have had an important influence on the British literary scene. In addition, the Guide features subject entries and cross-references to pseudonyms and maiden names, and provides an extensive general bibliography on women's writing. It also features entries on such topics as sub-genres of women's writing and women's literary magazines and organizations. Concise, informative and well-organized, *The Oxford Guide to British Women Writers* will be an invaluable introduction for all readers and students of women's writing. In addition, the Guide features entries on such topics as sub-genres of women's writing and women's literary magazines and organizations. With cross-references to pseudonyms and maiden names, this clear, concise book will be an invaluable source for all readers, scholars, and students

of women's writing.

This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Hungarian, Korean to Turkish. For some works (e.g. Virgil's Aeneid) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available.

Describes towns, buildings, and districts associated with the lives and works of English, Scottish, Irish, and Welsh authors, and provides pertinent biographical and historical information

A unique A-Z guide to the history of black people in the British Isles from classical times to the present day. With entries for landmark figures (e.g. Mary Seacole, Crimean nurse), key events (the Brixton Riots), concepts (Emancipation), and historical accounts. Wide-ranging coverage from medicine and warfare to art, music, sport, and education.

Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in

straightforward terms. The Oxford Guide to Plain English provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents.
