The food of Poland has long been overlooked, but the time is right for a reinvention. In Polska, young food writer Zuza Zak presents her contemporary take on Polish cuisine, with recipes for snacks and party foods, soups, preserves, breads, fish, meat and poultry, salads and veg, and cakes and desserts. She places Polish food within the context of the country's history and geography, and tracks how it has developed and adapted to Poland's ever-changing political and economic situation. With recipes including Tuna cured in bisongrass vodka, Courgette islands with dill flowers, and Mini doughnuts with rose filling, and lavish photography from the acclaimed Laura Edwards, Polska is a breath of fresh air.

This book captures the unique history of the plant life once essential to the Polish people. It leads the reader on a guided tour through monastery, castle, and cottage gardens, providing details on the history and healing powers of over one hundred herbs and flowers. Beautiful line drawings and woodcuts illustrate the garden patterns and various plants important to Polish tradition.

Polish Customs, Traditions, & Folklore is organized by months beginning with December and Advent, St. Nicholas Day, the Wigilia (Christmas Eve) nativity plays, caroling and then New Year celebrations. It proceeds from the Shrovetide period to Ash Wednesday, Lent, the celebration of spring, Holy Week customs then superstitions, beliefs and rituals associated with farming, Pentecost, Corpus Christi, midsummer celebrations, harvest festivities, wedding rites, nameday celebrations, birth and death rituals. Line illustrations enhance this rich and varied treasury of folklore. Many of the customs and traditions found herein are extinct even in today's Poland. World wars, massive immigration, the loss of the oral tradition, urbanization and politics have changed the face of a once agrarian people and their accompanying life style. In the U.S., the desire for membership within the "melting pot," marriages outside one's ethnic group, movement to the suburbs away from the "old" communities where customs and traditions were once strong, further weakened the link. Although the purpose and meaning may have been lost and forgotten, the oczepiny ceremony (the unveiling) is still the mainstay of almost every wedding where the bride declares Polish heritage. Many Polish American communities still reenact the harvest celebrations, reminding themselves of their ancestors' reverence for the grains and gifts of bread. Eight million Americans still claim their ancestry as Polish, many still diligently practicing that which they learned at their parents' and grandparents' knees. Much has also been neglected or completely forgotten.

Poland's best-selling cookbook adapted for American kitchens. Includes recipes for mushroom-barley soup, cucumber salad, bigos, cheese pierogi, and almond babka.
