Reproduction of the original: The Cook's Oracle and Housekeeper's Manual by William Kitchiner

Topical Issues of Rational Use of Natural Resources contains the contributions presented at International Forum-Contest of Young Researchers 2018 (St. Petersburg Mining University, Russia, 18-20 April 2018). The Forum-Contest is an excellent opportunity for young researchers to present their work to the scientific community involved in the extraction and processing of natural resources. The topics of the book include: • Prospecting and exploration of mineral deposits • Development of solid minerals deposits and safety of mining operations • Development of oil and gas fields and transportation of crude hydrocarbons • Modern technologies of construction work applied in the mineral complex • Metallurgy. Physical and chemical technologies of hydrocarbons treatment • Equipment, transport service and energy efficiency of mining enterprises • Economic tools of innovative development • Environmental protection • Geo information systems and nanotechnologies Topical Issues of Rational Use of Natural Resources collects the best reports presented at the Forum-Contest, and will be of interest to

academics and professionals involved in the extraction and processing of natural resources.

Food Service Manual for Health Care Institutions offers a comprehensive review of the management and operation of health care food service departments. This third edition of the book—which has become the standard in the field of institutional and health care food service—includes the most current data on the successful management of daily operations and includes information on a wide variety of topics such as leadership, quality control, human resource management, communications, and financial control and management. This new edition also contains information on the practical operation of the food service department that has been greatly expanded and updated to help institutions better meet the needs of the customer and comply with the regulatory agencies' standards.
