Unfortunately, no one believes the boy when he tries to share the news of this magnificent creature. That's when the mischief begins, and the dragon becomes a force to be reckoned with. While adults will recognize the naughty antics as a ploy for attention, children will dissolve into giggles as the dragon devours every last sandwich, blows bubbles in the lemonade, and leaves claw prints in the brownies. Maybe the dragon really is running amok on the beach, or maybe it's a little boy's imagination that is running wild.

Award-winning author Ying Compestine reimagines the classic fairy tale "Little Red Riding Hood" from a Chinese perspective By now, you have probably heard the old folk tale about a girl in a red cape. The truth is that the story took place here in China, there wasn 't a woodsman, and L, the gentle wolf, certainly was not the one who ate them. Here is the real story. This is not the story you think you know. In this version of the classic fairy tale, Little Red lives in a village near the Great Wall and trains in kung fu. When she ventures to her grandmother 's to deliver rice cakes and herbal medicine, she encounters something much more fearsome than a wolf—a mighty dragon. With her wits and a sword in hand, Little Red must valiantly defend herself and her grandmother in this vibrant retelling from Ying Chang Compestine and Joy Ang. An author 's note discusses how this reimagining is influenced by Chinese mythology, symbolism, traditional medicine, and other elements of Compestine 's heritage.
