The Greeks—Discover Ancient Greece's Timeline and History
Homer, in Grant's estimation, was a real person living on the Ionian island of Chios, and the single author of both the ILLIAD and the ODYSSEY. A comprehensive survey of the precursors of the...

The Rise of the Greeks Summary—eNotes.com
But there was a major collapse in about 1500 BCE. This leaves a very important millenia to explain. The Rise of the Greeks is a very detailed survey of the cultural, architectural, linguistic, political, and military, changes that laid the groundwork for what we think of as the golden age of Greece.

The Rise of the Greeks by Michael Grant—Goodreads
Ancient Greek civilization flourished from the period following Mycenaean civilization, which ended about 1200 BCE, to the death of Alexander the Great, in 323 BCE. By that time, Greek cultural influence had spread around the Mediterranean and, through Alexander the Great's campaign of conquest, as far afield as India.

ancient Greek civilization History, Map, & Facts—
The Greeks have one of humanity's longest histories. See how their influence has changed over time from the ancient Greek city-states to modern times.

The History of the Greeks—YouTube
Classical Greece was a period of around 200 years (5th and 4th centuries BC) in Greek culture. This Classical period saw the annexation of much of modern-day Greece by the Persian Empire and its subsequent independence. Classical Greece had a powerful influence on the Roman Empire and on the foundations of Western civilization.

Classical Greece—Wikipedia
"The Rise of the Greeks" by Michael Grant is a very good look at the period of history of the Greek City states from around 1000 to 500 BC. This is a period of history for which it is hard to find good sources of information, and this is certainly the best book that I have found on the period.

Rise Of The Greeks History Of Civilisation
The first half of this military and political history details how the Greeks recovered from the collapse of the first Minoan, Cretan and Mycenaen civilizations, and moved towards democracy. It highlights the Persian Wars, shows Athens during the Golden Age before it was wrecked by the wars with Sparta, and describes the men and women who made Greece's Name resonate down the ages.

The Rise and Fall of Ancient Greece: The Military and—
Greece and the Islands around the Aegean Sea were first settled by a farm based culture as far back at the Neolithic era between 10000 B.C. and 3000 B.C. Human Settlements on the Island of Crete, which spawned what would become the Minoan civilization began around 6500 B.C. These people were thought to have come mostly from modern day Turkey.

Greeks/History Rise of Nations Wiki Fandom
The history of the ancient world has always been told as a history of cities, from Homer 's epic poems about events just before and just after the sack of Troy, through the prose histories of wars between Athens and Sparta, Rome and Carthage.

The Rise of Cities in the Ancient Mediterranean—Ancient—
Drawing on a massive body of newly available data and employing novel approaches to evidence, Josiah Ober offers a major new history of classical Greece and an unprecedented account of its rise and fall. Ober argues that Greece's rise was no miracle but rather the result of political breakthroughs and economic development.

A fascinating and detailed guide to ancient Greece. Michael Grant looks at the policies and government of the hundreds of independent city-states and at the everyday life of the citizens. With fluency and scholarships he shows how the brilliance of the Ancient Greeks' civilization was by no means limited to the Golden Age of its classical fifth century, but its early period was remarkable too. For 500 years the Greek city-states achieved a civilisation which has been an inspiration and an ideal ever since.

A major new history of classical Greece—how it rose, how it fell, and what we can learn from it Lord Byron described Greece as great, fallen, and immortal, a characterization more apt than he knew. Through most of its long history, Greece was poor. But in the classical era, Greece was densely populated and highly urbanized. Many surprisingly healthy Greeks lived in remarkably big houses and worked for high wages at specialized occupations. Middle-class spending drove sustained economic growth and classical wealth produced a stunning cultural efflorescence lasting hundreds of years. Why did Greece reach such heights in the classical period—and why only then? And how, after "the Greek miracle" had endured for centuries, did the Macedonians defeat the Greeks, seemingly bringing an end to their glory? Drawing on a massive body of newly available data and employing novel approaches to evidence, Josiah Ober offers a major new history of classical Greece and an unprecedented account of its rise and fall. Ober argues that Greece's rise was no miracle but rather the result of political breakthroughs and economic development. The extraordinary emergence of citizen-centered city-states transformed Greece into a society that defeated the mighty Persian Empire. Yet Philip and Alexander of Macedon were able to beat the Greeks in the Battle of Chaeronea in 338 BCE, a victory made possible by the Macedonians' appropriation of Greek innovations. After Alexander's death, battle-hardened warlords fought ruthlessly over the remnants of his empire. But Greek cities remained populous and wealthy, their economy and culture surviving to be passed on to the Romans—and to us. A compelling narrative filled with uncanny modern parallels, this is a book for anyone interested in how great civilizations are born and die. This book is based on evidence available on a new interactive website. To learn more, please visit: http://polis.stanford.edu/.

A magisterial account of how a tiny city-state in ancient Greece became history's most influential civilization, from the bestselling author of acclaimed biographies of Cicero, Augustus, and Hadrian Filled with tales of adventure and astounding reversals of fortune, The Rise of Athens celebrates the city-state that transformed the world—from the democratic revolution that marked its beginning, through the city's political and cultural golden age, to its decline into the ancient equivalent of a modern-day university town. Anthony Everitt constructs his history with unforgettable portraits of the talented, tricky, ambitious, and unscrupulous Athenians who fueled the city's rise: Themistocles, the brilliant naval strategist who led the Greeks to a decisive victory over their Persian enemies; Pericles, arguably the greatest Athenian statesman of them all; and the wily Alcibiades, who changed his political allegiance several times during the course of the Peloponnesian War—and died in a hail of assassins' arrows. Here also are riveting you-are-there accounts of the milestone battles that defined the Hellenic world: Thermopylae, Marathon, and Salamis among them. An unparalleled storyteller, Everitt combines erudite, thoughtful historical analysis with stirring narrative set pieces that capture the colorful, dramatic, and exciting world of ancient Greece. Although the history of Athens is less well known than that of other world empires, the city-state's allure would inspire Alexander the Great, the Romans, and even America's own Founding Fathers. It's fair to say that the Athenians made possible the world in which we live today. In this peerless new work, Anthony Everitt breathes vivid life into this most ancient story. Praise for The Rise of Athens "[An] invaluable history of a foundational civilization . . . combining impressive scholarship with involving narration."—Booklist "Compelling . . . a comprehensive and entertaining account of one of the most transformative societies in Western history . . . Everitt recounts the high points of Greek history with flair and aplomb."—Sheff Awareness "Highly readable . . . Everitt keeps the action moving."—Kirkus Reviews Praise for Anthony Everitt's The Rise of Rome "Rome's history abounds with remarkable figures. . . . Everitt writes for the informed and the uninformed general reader alike, in a brisk, conversational style, with a modern attitude of skepticism and realism."—The Dallas Morning News "[A] lively and readable account . . . Roman history has an uncanny ability to resonate with contemporary events."—MaClean's "Elegant, swift and faultless as an introduction to his subject."—The Spectator "An engrossing history of a relentlessly pugnacious city's 500-year rise to empire."—Kirkus Reviews "Fascinating history and a great read."—Chicago Sun-Times

A sweeping history of the Greeks, from the Bronze Age to today More than two thousand years ago, the Greek city-states, led by Athens and Sparta, laid the foundation for much of modern science, the arts, politics, and law. But the influence of the Greeks did not end with the rise and fall of this classical civilization. As historian Roderick Beaton illustrates, over three millennia Greek speakers produced a series of civilizations that were rooted in southeastern Europe but again and again ranged widely across the globe. In The Greeks, Beaton traces this history from the Bronze Age Mycenaeans who built powerful fortresses at home and strong trade routes abroad, to the dramatic Eurasian conquests of Alexander the Great, to the pious Byzantines who sought to export Christianity worldwide, to today's Greek diaspora, which flourishes on five continents. The product of decades of research, this is the story of the Greeks and their global impact told as never before.

A history of ancient Greece includes examinations of the Greek culture, political institutions, military exploits, and civilization
"Companion to the PBS series The Greeks"—Dust jacket.

"The Ancient Greeks: History and Culture from Archaic Times to the Death of Alexander offers students a comprehensive introduction to the history and culture of the ancient Greek world 800-323 BC. The Ancient Greeks moves beyond political history to include social sections on women, religion and slaves. Including illustrations, maps, a chronological table and close referencing to Ancient Greece: Social and Historical Documents from Archaic Times to the Death of Alexander, this book will provide support for courses in ancient Greek history and civilization"--

Nine Greek biographies illustrate the rise and fall of Athens, from the legendary days of Theseus, the city's founder, through Solon, Themistocles, Aristides, Cimon, Pericles, Nicias, and Alcibiades, to the razing of its walls by Lysander.

Revised and updated throughout, the third edition of Ancient Greece presents the political, social, cultural, and economic history and civilization of ancient Greece in all its complexity and variety. Written by five leading authorities on the classical world, this captivating study covers the entire period from the Bronze Age through the Hellenistic Era. FEATURES * New! Extensively revised coverage of early Greece by new couauthor David Tandy * New! A revised art program that includes two eight-page color inserts (one new to this edition), 180 black-and-white photos and line drawings, and eighteen maps * Uniquely in-depth coverage of social and cultural topics including women and family life, material culture, religion, law, homosexuality, slavery, athletics, and life in the countryside * Excerpts from ancient documents, selective recommendations for further reading, and a timeline and general introduction that provide a bird's-eye view of Greek history * Key terms (boldfaced at their first appearance) and an extensive glossary * New! A Companion Website featuring chapter summaries, self-quizzes, discussion questions, flashcards of key terms, maps, a pronunciation guide, links to useful websites, and a film and television guide
