Mineral Auctions For Collectors | Gem Rock Auctions

A rockhounding field trip involves much more than collecting rocks and minerals. For my wife Chrissy and me, finding a specimen worth keeping is just a bonus to any day spent in the field with like-minded rockhounds. Many of our best friends were met on rockhounding excursions and getting together with them to swap stories, jokes and life events is far more valuable to us than any rock could ever be.

McRocks - Western North Carolina and Southeastern United ...

But developing your hobby for rock, mineral and gemstone collecting doesn ' t exactly start out with huge discoveries of topaz, opal or agate. Instead, Ross Pogson, the Head Mineralogist at the Australian Museum, tells Australian Geographic that it often begins in one ' s backyard, where you can slowly build up your collection from scratch.

A beginner ' s guide to rock, mineral and gem collecting ...

Mineral collecting is the hobby of systematically collecting, identifying and displaying mineral specimens. Mineral collecting can also be a part of the profession of mineralogy and allied geologic specialties. Individual collectors often specialize, for example collecting examples of the various colors and forms taken by the mineral calcite, calcite from widely scattered locations in a region or the world, or minerals found in pegmatites.
