Spring ' s Wake. Nora Calhoun keeps her life just like her Provincetown B and B, neat and tidy. She ' s thrilled when her niece Graham comes to stay with her while completing her graduate fieldwork aboard the Dolphin Fleet. She ' s less than thrilled when Graham starts hanging out with Willa Lange, a sexy wanderer who works for the Fleet and seems to have her sights set on Graham.

Set in P-Town, Spring's Wake is a strong romance story between Willa and Nora. There's a definite opposites attract in this one and Nora spends a fair amount of time pushing her attraction to Willa (and Willa herself) away.

Spring ' s Wake has shot to number one in my age-gap romance favourites shelf. So a little about the book... Nora runs her own successful B&B in Provincetown, which is her life, and she loves it. She has had her heart broken before and almost lost everything so she ' s not eager to fall in love again.

problem of global warming at a personal level, as an ecologist, her daughters, and their neighbors observe the changing weather and landscape of their small, New England town.

When the sun warms up the earth one bright day, the earthworm knows that spring has arrived and begins to spread the word, causing animal, insect, pet, and people alike to rejoice in the season ahead.

When wanderer Willa Lange falls for Provincetown B&B owner Nora Calhoun, will past hurts and a fifteen-year age gap keep them from finding love?

his long winter nap! Excitedly he taps on the window and knocks on the door-- he even tries playing a trumpet to wake his friend so they can celebrate together. But Bear keeps snoozing. But Mole is determined, so he milks and gathers and bakes a special springtime surprise for his friend-- the perfect way to wake up! A perfect read-aloud, full of simple sound-words and lots of repetition, Spring is Here is ideal to share with young readers to celebrate the changing of the seasons. Cozy mixed-media illustrations of big, fuzzy, dozing bear and his eager mole friend add detail and humor to the tale. Don't miss the other Bear and Mole adventures-- First Star, All For a Dime, Off We Go!, and Kite Day.

Early in the year, our North American forests come to life as native wildflowers start to push up through patches of snow. With longer days and sunlight streaming down through bare branches of towering trees, life on the forest floor awakens from its winter sleep. Plants such as green dragon, squirrel corn, and bloodroot interact with their pollinators and seed dispersers and rush to create new life before the trees above leaf out and block the sun's rays. Wake Up, Woods showcases the splendor of our warming forests and offers clues to nature's annual springtime floral show as we walk in our parks and wilderness areas, or even in shade gardens around our homes. Readers of Wake Up, Woods will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text,

present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests where we live and play.

The wave of protests and populist uprisings in the Middle East has heightened the focus on a volatile region. But the emphasis on political issues has obscured underlying issues concerning education, infrastructure, research, innovation, entrepreneurship and sustainable economic and social development. This volume, emerging in the aftermath of a conference and workshop on science and technology in the region, presents contributions from a range of experts from the Middle East, Europe, and the United States to provide fresh new insights and perspectives on the challenges and

prospects for regional development in the changing global context of our time. The authors explore such topics as: the role of information and communication technologies; mindset change in support of investment in intangible assets and risk-taking; how to approach cultural issues, institutions and governance; collaborations with other regions, and; benchmarking performance while drawing lessons of relevance for the special local context. Ultimately, they offer a number of precise policy recommendations and practical insights for creating an enabling environment for capturing economic, political, and social opportunity.
