Fully revised and updated, Studies in Constitutional Law continues to provide clear and informed accounts of the central topics of constitutional law, including the sovereignty of Parliament, the European Union, and Crown and prerogative. There are new chapters on the protection of human rights and on electoral law, and devolution and other constitutional reforms are also described and discussed. The ten essays may be read in conjunction or as self-contained studies.

## Read Book Studies In Consutional Law

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Excerpt from Studies in Constitutional Law: France-England-United States Monsieur Boutmy's Etudes de Droit Constitutionnel has reached a second edition in his own country. It has both in England and America been recognized by all persons interested in the comparative study of institutions as a brilliant and original essay on the essential differences between English and French constitutionalism. In introducing the book in an English form to readers unable to enjoy the French original, I can confidently recommend it to the attention of students. The work was originally composed for Frenchmen; hence the author occasionally insists upon features in the English Constitution which to Englishmen may appear to be too well known to require notice or explanation. But the fact that the essay is written by a foreigner for foreigners, though it may seem at first sight to limit the utility of the book for English students, is in reality one of its great recommendations. We all forget to note matters with which we are familiar. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works."
